Lexington, Kentucky ? After helping Jones remove dead trees from his 0.5 acres of land, Lexington Tree Experts asked him what he intends to do with the space. The homeowner noted that he wanted to replace the removed trees with fruit trees. Today, Lexington Tree Experts delivered free fruit trees to Jones' home.

?When the truck pulled up on my driveway,? said Jones, ?I was surprised. I could see the label and knew it belonged to Lexington Tree Experts. But since I had not requested a tree service procedure, I was not sure why the team was here. When I arrived where the car was, the driver told me that Lexington Tree Experts CEO had decided to help me start the orchard. They gave me 10 fruits trees free of charge. I cannot thank this company enough.?

?We always want to give back to the community,? said Lexington Tree Experts CEO. ?I mean, without the full support of this community for the last 25 years, this company wouldn't be around. This is why we decided to invest in Jones' new project. We are thankful to see that he appreciated us publicly. In the future, we hope to

do things like these to more people in Lexington and neighborhoods like Wilmore, Georgetown, Versailles, Nicholasville, Winchester, and Richmond.?

Lexington Tree Experts team of tree cutting professionals Lexington handles all types of tree care procedures. In addition to being the best tree removal company Lexington, the company uses its experienced team to handle services like tree trimming, tree pruning, stump removal, and emergency tree service Lexington.

Lexington Tree Experts reports that it keeps all its services affordable to customers. ?In the past two and half decades,? said the company?s CEO, ?We have been trying to eliminate DIY tree service in Lexington. In 2015, we conducted a survey to determine why some homeowners used the DIY tree service. The results showed that over 90% of homeowners choose DIY services to avoid expensive professional services. This is why we decided to make our professional services affordable. DIY tree services often destroy trees, cause injuries, and cause property damages.?
