September 27, 2021 - PRESSADVANTAGE -

Kitchen remodeling company National Restoration Experts is offering its high-quality kitchen remodeling, kitchen renovation, and kitchen design services to Pompano Beach and surrounding communities.

The kitchen is an integral part of the home, often seeing a lot of use every day due to the sheer amount of time that one has to spend in it to cook a wholesome meal three times a day for an entire family. Over time the wear and tear that the kitchen flooring, countertops, and cabinets go through can give them a worn-out look that can clash with the immaculate decor of the house. It makes sense to give the kitchen a refresh every few years as a way to keep the space inviting and to keep one excited for the daily chore of cooking. Those who are living in an old house can benefit from the advances in kitchen technology such as newer materials for often-used surfaces such as countertops, flexible and modular cabinetry, and slip-proof and easy-to-clean flooring.

National Restoration Experts have access to the inventory that can elevate an old kitchen space and make it functional as well as aesthetically pleasing. The company is fully licensed and certified to perform all kinds of kitchen remodeling projects whether they are small or large, with a professional finesse that matches the services offered by the best high-end contractors in the country. They are able to deliver such a high-quality service while charging completely reasonable prices that won't carve a big chunk out of a homeowner's budget.

The company can help a homeowner find kitchen flooring that is modern, alluring, and will stand the test of time. Customers can browse through the company's portfolio of varied flooring materials such as hardwood, laminate, vinyl, tile, or marble, and pick one that matches their personal style and goes along with the look of the rest of the house. The company offers modern or traditional cabinets in an array of styles, colors, and finishes guaranteeing that the customer will be spoilt for choice and will never feel like they can't achieve the look that they have in mind. The cabinetry will also offer innovative storage solutions that can drastically open

up new ways to store common kitchen items such as appliances, cutlery, spices, crockery, or whatever they need handy in their cooking space. The company's range of countertop materials includes striking marble, elegant quartz, durable granite, and more all in a wide range of patterns and styles.

The company also offers kitchen renovations for homeowners looking to radically redesign their old kitchens to bring them into the new century. They handle anything from major overhauls to limited reconstructions. One meeting with the company's technicians will open up a world of possibilities for the customer to create something truly impressive and awe-inspiring in their homes. The end result will be a perfect balance of form and function, and will also help the homeowner net a higher price on their home if they ever decide to sell the property. The company invites customers to be a part of the creative process to ensure that the kitchen ends up looking exactly as they imagined their dream kitchen would look like.

The company also offers design services for those building their own custom homes and who want to make something special from scratch. The company will work with the customer to hear out all of their ideas regardless of where they might be pulled from. The company can research and arrange for the design and installation of custom kitchen concepts that will be the highlight of the home for years to come. The company will provide the customer with their very own expert kitchen designer that will take the burden of solidifying the customer's vision into something that the company's contractors can build within the stipulated time and budget.

National Restoration Experts has over 10+ years of experience in Palm Beach County and Broward County providing services such as home, kitchen, and bathroom design, renovation, and remodeling. The company can be reached at the phone number (754) 600-8370.
