In a 5-Star Google review, Paula Harris says, "I can see why Dr. Saremi was so highly recommended! I can't thank her enough for such a beautiful crown! I can't get over how perfect it looks! Not to mention I had such a great, smooth experience! She is a perfectionist and does beautiful work! In addition, the staff are wonderful. Everyone was friendly, respectful and caring. The office is run very smoothly and efficiently, with great attention and service. I feel in good hands at this office and will refer my friends and family!"

In another 5-Star review, Carissa Woods says, "Dr. De Vincenzo is seriously the greatest! He came recommended to me by a friend to complete a root canal and crown on my front tooth after I had a traumatic injury that left it dead. I was told by my old dentist that he could recommend someone to do a root canal but I would need to consult with someone else for the crown. It was going to end up being a long, drawn out and expensive ordeal. I met with Dr. De Vincenzo, and he was confident in his ability to complete my root canal and crown. I'm so pleased with the results! My front tooth looks better than new, and you cannot even tell that I have a crown. My biggest fear was a mismatched, off colored tooth, and my tooth looks perfect. I'm so grateful for him! I highly recommend him!"

Furthermore, Cimarron Family Dentistry regularly contributes time and financial assistance to local events and non-profit organizations that are making a positive difference in the community. They also support local schools through free education, athletic mouthguards and other beneficial avenues.
