

Dumpsters City Offers Affordable Dumpster Rental Services In Portland, OR

September 28, 2021

September 28, 2021 -

West Linn, OR based Dumpsters City is pleased to announce that they are offering affordable Portland dumpster rental services to residential and commercial property owners in the area.

As noted on the company?s website, Dumpsters City offers reliable and affordable dumpster rental services to accommodate all of their customers? waste disposal needs. Their dumpsters are perfect for many uses, including garbage disposal, mattress disposal, appliance removal, e-waste removal, foreclosure cleanups, construction waste removal and more. Dumpsters City?s most popular dumpster rentals include a 14-yard dumpster which can be rented for up to three days for $390. Alternatively, customers may prefer their 20-yard dumpster, which can be rented for up to three days for $450. An additional fee of $50/day is applicable to those who wish to extend their rental period. There is no tonnage inclusion on the abovementioned rates, and those who wish to add may do so by paying $120 per extra ton. Complete details about the terms and condition of Dumpsters City with regards to their dumpster rental services can be viewed on their website.

There are many benefits to hiring a dumpster rental company like Dumpsters City. First, doing so is a convenient and efficient way to get rid of waste. Next, it provides an affordable and practical solution to otherwise costly problems (such as fines from illegal dumping). It can help solve issues related to clutter at home or work, and hiring a dumpster rental company means that the property owner will not have to deal with the stress that comes with waste disposal. Similarly, dumpsters can be used safely for all types of waste removal projects, such as appliance disposal, yard work debris removal and estate cleanups. Last but not least, hiring a dumpster rental company is a more environmentally-friendly solution compared to putting waste on the curb.

Dumpsters City also recommends using dumpster rental services for construction projects. Rentals are particularly beneficial to construction sites, which generate large amounts of debris, especially in the case of renovations, demolitions or other major projects. It is also an easy way to maintain compliance with environmental regulations ? and makes it easier for green construction firms to recycle construction materials. For construction contractors, a dumpster rental service is the most efficient solution when it comes to handling waste disposal. On the other hand, hiring a dumpster rental company is also advisable for cleaning up after natural disasters. A dumpster rental can help home and business owners manage waste during and after a hurricane, flood or fire.

Dumpsters City is committed to providing their customers with the highest level of service and satisfaction. The company is always looking for ways to improve their customer experience by offering dumpsters in different sizes and shapes, while also making sure that each dumpster rental is completely secured with lids and locks. Each container is also made of sturdy, quality materials to resist wear and tear (and is clean and well-maintained). Furthermore, Dumpsters City makes sure to deliver all containers on time to ensure that their customers get the most out of their service.

As a result of their diligence, Dumpsters City receives glowing reviews from their customers on a regular basis. Jeff Shivers says in their 5-Star Google review, ?We have a tight-angled driveway, and after 45 minutes the driver successfully made the drop. I have used Dumpsters City for two boxes and just ordered the third. They have always gone the extra mile to deliver and remove the boxes depending on our timeline. Great people to work with. I highly recommend them!?

In another 5-Star review, Mikal James says, ?We used two 20 yard roll-offs for our project, and I am thankful to have found Dumpsters City! When I called Dumpsters City, a live person actually answered the phone, and Mike was extremely accommodating! More than fair pricing, and prompt delivery and pickup! This company has you covered and adds the personal touch of a small business that cares! Thank you!?
