September 24, 2021 - PRESSADVANTAGE -

Denton, TX ? Despite concerns from lawmakers earlier this year that an increase to certain U.S. Postal office supplies and services could result in job losses in the small business sector, USPS ultimately decided to push forward and implement these increases as of August 29, 2021. For example, the price of the popular Forever Postage Stamps was raised from 55 cents to 58 cents. A similar increase to shipping services such as Media Mail and Signature Confirmation also took effect on the same date. Pack ?N? Mail, a South Denton USPS shipping store, is sharing information on these rate increases to keep their community informed.

According to USPS, the increase is part of a 10-year plan for the Postal Service. ?This plan includes over \$40 billion in capital investments over the next ten years, which is over \$15 billion more than in our base capital plan. These investments will enable us to modernize the Postal Service, ensure that we can adapt to the changing needs of our customers, provide excellent services for both our mail and package products, and

achieve our universal service mission today and for generations to come. Only through these investments will we achieve financial sustainability, grow our business, and achieve service excellence over the coming decade.?
