Oklahoma City Tree Service Experts Expands Its Tree Trimming Team to Handle More Projects

September 27, 2021

September 27, 2021 -
Oklahoma City, Oklahoma ? A few weeks after expanding its area of service to cover suburbs like Norman, Piedmont, Tuttle, Yukon, Mustang, Moore, Purcell, and Newcastle, Oklahoma City Tree Service Experts has decided to add 5 new professionals to its tree trimming team Oklahoma City. The company noted that these new professionals were made necessary by the increasing number of tree service requests from the neighboring regions.

?It is like the homeowners in our neighborhoods were not getting high-quality tree services before we expanded our area of service,? said the company?s chief of field operations. ?After expanding our area of service, our team of tree cutting professionals Oklahoma City has been receiving multiple tree service requests daily. This has forced us to hire more tree service experts so that we can handle these requests with ease.?

Oklahoma City Tree Service Experts CEO noted that the company has always offered same-day tree service since it was established more than 25 years ago. The company, therefore, did not like the idea of keeping customer?s waiting just because the projects outweighed its team of tree experts.

?Tree trimming is our most requested tree service procedure,? noted the company?s chief of field operations. ?And after visiting several homes in our suburbs, we have realized why ? it is because homeowners are trying to increase their property?s value by elevating their home?s aesthetic appeal. With our now large team of professionals, we will have the ability to handle multiple tree service procedures simultaneously.?

Oklahoma City Tree Service Experts notes that in addition to tree trimming, the company also handles other tree-related procedures like tree removal, tree pruning, stump removal, and emergency tree service Oklahoma City. Boasting decades of experience, the company notes that it knows how to make all these services safe and extremely beneficial for each homeowner.

?Just because we have expanded our team,? said the company?s CEO, ?we won?t increase our tree service prices. We intend to continue minimizing risky DIY tree service procedures in the cities and suburbs surrounding us. And the only way to make this possible is by offering our professional services at an affordable cost.?

Oklahoma City Tree Service Experts base of operation is located at 106 NW 12th St, Oklahoma City, OK 73103, United States. However, property owners located far from the company?s offices can talk to their professionals by simply calling +1 405-766-5526 or by sending an email to sales@treeservicesoklahomacity.net.
