Huntington Beach Tree Experts Arborist Treats Redwood Tree Eliminating the Need for Tree Removal

September 27, 2021

September 27, 2021 -
Huntington Beach, California ? When a redwood tree standing on Mark Simmons? landscape started showing signs of ill-health, Mark worked with several tree service companies trying to look for a solution. Most of the companies lacked a qualified professional who could recommend a working treatment solution ? the companies recommended tree removal. However, things changed when Simmons invited Huntington Beach Tree Experts to his home ? the company had a professional arborist who provided a workable tree treatment plan for the tree.

After working with Huntington Beach Tree Experts arborist by the name of Chuck, Mark Simmons had the following to say, ?We were looking for help for our Redwood tree, and Chuck was so kind to suggest a treatment plan that might be able to save it. He is a true arborist, as opposed to everyone else who just wanted to give up on the tree and cut it down. Thank you!?

?Despite being the best tree removal company Huntington Beach,? said the company?s CEO, ?when faced with a tree suffering from ill-health, tree removal is the last solution we consider. We reserve tree removal for trees whose health problem has grown to a point where it cannot be treated. However, for most trees, our ISA (International Society of Arboriculture) certified arborists can treat and restore their tree health. This was the case with Mark Simmons? redwood tree.?

Huntington Beach Tree Experts noted that numerous ways can be used to restore the health of diseased trees. ?In addition to using prescriptions,? said the company?s chief of field operations, ?we often advise customers with diseased trees to try tree pruning. Our team of tree cutting professionals Huntington Beach uses tree pruning to remove the diseased branches ? this keeps the disease from spreading, which helps the tree heal itself.?

Huntington Beach Tree Experts is a company that has more than 25 years of field experience. In addition to

having a good team of arborists, the company also happens to be home to a good tree trimming team Huntington Beach that helps homeowners restore aesthetic appeal to their trees. The company is also known for handling emergency tree service Huntington Beach, complete stump removal, and stump grinding.

Huntington Beach Tree Experts offices are located at 19317 Surfwave Dr, Huntington Beach, CA 92648, United States. However, customers can reach its client support department by calling +1 949-518-0125 or sending an email to sales@orangecountytreeexperts.com.
