Santa Ana, California ? When Miriam was woken up in the middle of the night by the sound of one of her trees cracking, she knew she had to do something to keep the tree from falling on the powerlines nearby. Having worked with Tree Service Experts Santa Ana before, she had their phone number ? she decided to call them and see if they could help.

?They answered my call in the first ring,? said Miriam, ?something I did not expect considering that it was around 11:33 PM. When they heard that it was an emergency, they did not waste any time ? they told me they would be here in less than an hour. They arrived at around 12:10 am and we spent the entire night getting rid of the tree. When we finally brought the tree down, they cut it into smaller pieces and loaded it into their trucks and then processed to clear the entire work area leaving my landscapes extremely clean. What I appreciate most is their cost of emergency tree service Santa Ana ? it was much more affordable than I had anticipated.?
