Detroit, Michigan ? A company that takes all the necessary steps to ensure its customers are riding in state-of-the-art vehicles, Detroit Party Bus Company has decided to upgrade its fleet with brand-new buses.

Speaking at an unveiling event for the new party bus limousines Detroit, the company?s CEO had the following to say, ?As vehicles get older, they start developing problems that make them unsafe. This is why we always ensure that all the vehicles on our fleet are less than 2 years old. For the past couple of weeks, we have been retiring all double deck party buses Detroit that have been on the road for more than 24 months. The new replacement vehicles have undergone all the necessary checks to ensure they are 100% safe to our customers and experienced drivers.?

Detroit Party Bus Company notes that the new party bus rentals Detroit were all sourced directly from the manufacturer. ?While second-hand vehicles can be cheaper and may help us save a lot of money on our purchases,? said the company?s CEO, ?we avoid them completely. This is because the name ?secondhand? means that the vehicles have already been on the road. And since not all sellers are honest, we always operate on the assumption that every secondhand vehicle is being sold because it has some issues ? that is, it is not in perfect operating condition. This is why we get all our new vehicles from the manufacturer.?

Detroit Party Bus Company indicates that the new party bus for proms Detroit can carry as little as 6 passengers to as high as 50 passengers. The company?s CEO noted that the vehicles arrived with modern luxury amenities that include minibars, restrooms, reclining leather seats, music systems, and USB charging ports.

?These vehicles have the basic luxury amenities but can still be customized,? said the company?s CEO. ?For example, if it is your bachelorette party and you feel like you want to use dance poles, these can be

added. Also, if you are headed to a corporate event and need Wi-Fi to work on your laptop, we will add Wi-Fi. All you will have to do is let us know what you need and our team will add it for you.?
