Dumpee Dumpsters have two dumpster options that their customers usually choose when ordering rental dumpsters. Basically, they offer 14-yard dumpsters rentals and 20-yard dumpster rentals for rent, to suit various types of projects. Basically, renters with larger home renovations, construction and commercial projects often opt for the company?s 20-yard dumpster rentals as they provide ample space to accommodate larger quantities of waste. Their 14-yard dumpster rentals were designed to haul small to medium size quantities of waste and debris, and for better visualization; one such roll-off container can accommodate an approximated 5.5 pick-up truckloads of waste, while a 20-yard dumpster has sufficient space to accommodate up to 8 pick-up truck loads of waste or junk. This is according to the sizing information the company has provided on their website.

An interested customer can rent a 14-yard dumpster at $250 or a 20-yard dumpster rental at $350 for 1 to 2 days, from Dumpee Dumpsters. The 14-yard and 20-yard dumpsters have a 2-ton and 3-ton weight allowances respectively per container.
