MN Remodeling Contractor Makes Qualified Remodeler?s Top 500

October 15, 2021

October 15, 2021 -
Chaska, Minnesota based Iron River Construction was recently awarded a position in Qualified Remodeler?s (QR) Top 500 list. Iron River Construction has been serving Chaska and the surrounding areas as an experienced, full-service roofer, siding contractor and remodeler for nearly 30 years. More information about the company can be found here: https://ironriverco.com/.

Qualified Remodeler, a leading publication serving remodelers and home improvement companies in the US, has ranked Iron River at No. 412 on its 43rd annual Top 500 remodelers of 2021. Since 1978, the QR Top 500 has tracked the industry?s largest and fastest growing companies. In 2021, the Top 500 represented $13 billion in remodeling sales volume and 1.1 million jobs. Iron River was chosen as a 2021 TOP 500 remodeler by the publication?s editorial staff for meeting a set of criteria that included installed remodeling dollar volume, total years in business, industry association membership, industry certification, industry awards and community service.

?Based on Qualified Remodeler?s analysis, firms that are ranked on the 2021 Top 500 are experiencing a boom in business. Firms that have made the list multiple years tend to share common attributes ? strong revenues, a commitment to customer service, as well as leading sales and marketing programs,? said Patrick O?Toole, co-owner and publisher of Qualified Remodeler. ?These attributes helped put the firms on this list and contribute to their ongoing success in remodeling and home improvement.?

Tracy Dahlin of Iron River Construction says, ?Since we established Iron River Construction, we have worked hard to offer an unmatched range of remodeling and construction services to suit our community?s needs, no matter their budget. We have been 100% dedicated to our clients and their satisfaction. Being nominated as a Top 500 contractor by Qualified Remodeler is a really great honor for every one on our team.?

Iron River Construction asserts that they can handle any home construction project, no matter its size or

scope. Their range of services include full exterior repair, interior remodeling, restoration and more. Those who are interested in seeing an example of the work done by Iron River Construction may visit the following link to see one of their recent featured projects: https://ironriverco.com/featured-projects/total-home-remodel-in-bloomington/.

Dahlin explains, ?Most people are overwhelmed by the very thought of a large home remodel project. There are so many decisions to make, and if the right course is not taken, it could lead to a client losing valuable time and money while their home and family life remains disrupted. We have helped thousands of homeowners repair and remodel their homes so they can live the lifestyle they?ve always wanted. If you work with us, you can rest assured that we will help you make the right decisions to keep your project on time and within budget. That means you get what you expect and have more time to enjoy your home and family.?

The services provided by Iron River Construction have earned the company a lot of praise from their community. On their Google profile, the company boasts a rating of 4.7 out of 5 Stars from nearly 100 reviews. In their review, Christina S. writes, ?Iron River did an amazing job with our kitchen remodel. They managed the countertop install, a custom island and fridge surround, new sink, backsplash, electric and plumbing. Everything ran on or ahead of schedule, the contractors were organized and tidy. I?m sure we weren?t their biggest job, but we were treated like we were. We will definitely be using them for future projects. Excellent quality and excellent service!?

Those who wish to learn more about Iron River Construction and the variety of services they offer can visit the company?s About Us page at the following link: https://ironriverco.com/our-company/.
