Lantern Crest Provides Luxury San Diego Senior Living Facilities

October 14, 2021

Santee, California - October 14, 2021 -
Santee, CA based Lantern Crest Senior Living is pleased to provide luxurious, independent living facilities to seniors in the area and beyond. These facilities include comfortable, modern living spaces that allow senior citizens to enjoy their latter years. Lantern Crest is considered the best place for older adults who require individual care yet wish to reside in a resort-style luxury accommodation or independent home.

The living facility offers spacious facilities and exceptional amenities. This includes expertly prepared meals, fun activities, regular outings, a swimming pool, gardens and much more. ?Lantern Crest offers the chance to participate in a vibrant, socially-connected lifestyle with a continuum of care for seniors, including assisted living for San Diego, independent living for San Diego and memory care for San Diego,? says Lantern Crest. ?It can be helpful to learn more about what each type of residence offers in terms of services and care to determine which is right for you or a loved one.?

This community offers assisted and independent living for elderly people in San Diego. The assisted living option at Lantern Crest is designed for residents who would prefer to retain some amount of independence but also require access to round the clock care and support. Those who live in this community are free to

make their own daily schedules by choosing from the living facility?s wide selection of activities, outings and events. Located in the suburbs of San Diego, the facility offers a charming small town experience where residents enjoy exceptional care in a safe environment where they are free to pursue fulfilling activities and social connections.

Elderly people who need a degree of assistance in their daily lives without losing their independence often find that Lantern Crest suits them best. Deciding to move to an assisted living facility is never an easy choice to make, and with over 7500 such facilities in California, picking the right one is a very difficult process.

Outlining what a resident can expect from the different types of living facilities they provide, Lantern Crest explains, ?Skilled nursing, nursing home or convalescent home are all used to describe a residential facility that provides 24-hour medical care onsite. Nursing homes differ in nature from assisted living facilities based on the level of care a resident needs. Skilled nursing can offer temporary stays, with the focus being on rehabilitation at a site offering 24-hour medical care. The intent is for the person to recover and gain their independence and return back to their own home. Skilled nursing facilities provide services for long care patients who need a high level of care on a frequent or constant basis due to a chronic medical condition. Nursing home residents require round-the-clock care and monitoring. They typically live with more complex health care conditions requiring the assistance of a skilled nurse.?

A large number of people have either moved to Lantern Crest or known loved ones who lived at the facility, and this has resulted in Lantern Crest receiving high praise from many in their community. Richard C says in a 5-Star review on the Google platform, ?Lantern crest has been part of my parents? journey into retirement the year of 2019. Started in the villas (awesome), moved to independent living apartments. Now to memory care. The sales staff, the operations staff and the restaurant are all 100% top notch. Everyone is so nice and cares about the residents. They truly care.?

Visitors are regularly impressed with the facility as well. ?I am a professional musician that has provided musical entertainment at Lantern Crest in Santee,? says George Kezas. ?Most recently, our Saxophone and Guitar duo performed on Christmas Day in the dining room at The Ridge. We have performed at various retirement facilities. I am most impressed with the staff at Lantern Crest including personnel in entertainment planning, reception and restaurant employees. They make it a point to know everyone?s name and needs on a personal level. I am 83 years old and still perform several gigs a month on Saxophone along with my Guitarist. When the time comes for me to seek a retirement facility, I can think of no better place than Lantern Crest. The facilities and the staff are excellent.?
