

# Secure FTP Hosting Service BrickFTP Announces New Lower Pricing

*April 16, 2014*

April 16, 2014 -
Las Vegas, NV ? BrickFTP, a leading cloud-based file server and the server of choice for many globally recognized companies announced today that they are now offering a new, lower pricing scheme to make their world-class services more affordable for businesses of all sizes. The new price being offered is $0.50 per stored gigabyte.

BrickFTP specializes in secure FTP hosting for businesses. Using the services of BrickFTP, businesses get their own secured server to send and receive files to and from clients, vendors and co-workers. Files are protected by BrickFTP on a flexible per-folder, per-permission basis, with the added protection of ?upload only? access modes and restrictive defaults. Information is encrypted went sent and received with the strength of military-grade AES encryption, meeting even the most thorough HIPPA regulations.

And, BrickFTP makes compliance easy with their comprehensive audit logging capabilities. BrickFTP keeps activity logs of exactly who is reading, changing, sending, receiving or deleting files, with appropriate timestamps. These logs are retained for seven years, ready whenever regulatory or internal compliance records are needed.

Other benefits of using the BrickFTP services include improved file sharing capabilities, advanced notification features such as email alerts the moment a file is modified or uploaded and the ability to handle files as large as 40TB of data. In addition, BrickFTP offers full branding capabilities, using the customer?s logo, color scheme and CSS files, so there is no sign of BrickFTP anywhere in the interface for a 100% match with the business?s website.

BrickFTP encourages businesses to experience all they have to offer with a 30 day free trial. This is a no risk, guaranteed offer, with no credit card required to sign up. In addition to its new low price, BrickFTP offers discounts to companies that pay annually.

There are three hosting plans to choose from, Business, Business Extra and Business Max, with upgrades and downgrades allowable at any time. And, a business can cancel services at any time with no hidden fees.
