

Lexington Tree Experts Celebrates Its 25th Year in the Tree Service Industry

October 14, 2021

October 14, 2021 - PRESSADVANTAGE -

Lexington, Kentucky ? A company that has made a name for itself in Kentucky?s tree service industry, Lexington Tree Experts celebrated its 25th year in the Tree care industry yesterday. During the celebration, the company reported that it was hoping to keep doing more for its customers.

Speaking during the celebration, the company?s CEO had the following to say, ?When my father established this family business 25 years ago, his main goal was not making money. He had looked at the rate at which the urban forest was declining and decided that something had to be done to protect our trees. Employing experienced professionals, my father made professional tree care accessible to more property owners. To keep my father?s dream alive, this company will keep doing what it was founded to do ? creating a healthy urban forest.?

Lexington Tree Experts CEO noted that when the company was established, it only had a tree trimming team Lexington. He indicated that over the years the company has grown and expanded its services. Today, the

company's team of tree cutting professionals Lexington handles everything from tree pruning and tree service removal Lexington to emergency tree service Lexington and stump removal. To learn more about the services offered by Lexington Tree Experts, visit its website: <https://www.treeservicelexington.net/>.

"Our goal is to ensure that professional tree services are not just accessible to property owners in Lexington alone," continued the CEO, "This is why we have continued to push the boundaries of our service area over the years. Today, we serve customers outside Lexington ? some of the areas we have operated in include Wilmore, Georgetown, Versailles, Nicholasville, Winchester, Lawrenceburg, and Frankfort."

The CEO noted that customers outside Lexington enjoyed the fastest responses, much like the customers within the city's boundaries. "Take emergency tree service Lexington, for example," said the CEO, "We will arrive at an emergency site located in Winchester in under one hour, as we would do when an emergency site is located in Lexington. What's more, we will handle the emergency tree service procedure irrespective of whether it is at night or during the day."

The CEO concluded his speech by saying that his company planned to maintain affordable tree service costs. He noted that this would help minimize DIY tree service which often resulted in tree deaths.

Lexington Tree Experts offices are located at 1604 Harrodsburg Rd, Lexington, KY 40504, United States. Customers, however, can reach the company via +1859-710-6512 and sales@treeservicelexington.net.
