Franklin, Tennesee ? When Henry Rico decided to get rid of 3 large palm tree stumps, Franklin Tree Service Experts was not his first choice. However, the company he had initially contacted kept him waiting for too long such that he ended up contacting Franklin Tree Service Experts. Franklin Tree Service Experts proved to be the best company ? the company?s stump removal team was responsive, scheduled the procedure immediately, and worked with him to make the entire stump removal procedure safe for his swimming pool.

Speaking after working with Franklin Tree Service Experts, Henry Rico noted the following about his experience with the tree service company, ?We needed three large palm tree stumps ground out. Franklin Tree Service Experts responded quickly to our inquiry and they were willing to come out right away. They couldn't tell we had a pool from the pictures but worked with us to make a solution that worked and were reasonable. They matched the price from another company that was dragging their feet at scheduling. Highly recommend!?

?We recommend stump removal immediately after tree removal,? said the Franklin Tree Service Experts CEO. ?Stump removal ensures there are no tripping hazards on your landscape. Additionally, it protects your lawn maintenance gear from damage. At Franklin Tree Service Experts, however, we are open to handling stump removals at any time. Depending on the client?s needs, we can remove the stump completely or grind it. Grinding helps improve safety while complete stump removal works for homeowners who wish to use the space occupied by the tree stump. Our stump removal tools are ultra-modern. They make the entire procedure safe for nearby utilities. They also allow us to complete the stump removals quickly and hence charge a more affordable price.?
