Long Beach, California ? When Ramon Nash hired Tree Service Experts Long Beach to help him get rid of 3 palm trees, he was thinking that the procedure would take an entire day. However, the company sent 5 experts with the latest tree removal tools ? the team of 5 brought the tree trees down in less than an hour.

Speaking after working with Tree Service Experts Long Beach, a happy Ramon Nash had the following to say, ?Excellent one-hour job of removing three palm trees by the curbside by a 5-people team! I will hire them again if tree services are needed. I was very impressed and appreciative watching their efficient teamwork smoothly and thoroughly. Thanks to Yelp's listings too!?

?Tree removal is only difficult when you do not have the right tools for the job,? said the Tree Service Experts Long Beach CEO. ?Our team not only had the right tools but also had more than 30 years of experience to reference from during the tree removal procedure. This allowed the team to get rid of the palm trees in less than 60 minutes. What?s more, being able to complete the entire procedure in such a small time window

allowed us to give Ramon Nash a fat discount, something that wouldn?t have happened if we had taken the entire day on the project.?
