Driven Car Storage and Concierge London, a company based in London, UK, is happy to announce that they are offering secure vehicle storage for classic car storage and long term car storage. They offer both short term and long term car storage for vehicles of all types and ages with flexible access hours within reason of 24 hours or notice. Their vehicle storage facilities can host classic cars, convertibles, and 4 x 4s. More about the company can be gleaned by visiting their website at https://drivencarstoragelondon.business.site/.

It is important to note that their car storage facility is 100 percent moisture free, thus ensuring that there is no damp build up or moisture dripping onto the vehicle. The indoor car storage facility is also highly secure and is provided with double security doors and CCTV monitoring for the car owners? peace of mind.

Paul Pratt from Driven Car Storage and Concierge London says, ?We understand that your car is very important to you, and you would like to find a company that will take care of your car just like you would yourself. Our company only hosts indoor car storage. This includes the storage of 4x4's, classic cars, vintage cars, corporate cars, jeeps, and company cars. The facility is climate controlled which helps to prevents harm to your vehicle. And all of our client's cars undertake a provisional inspection report before they are stored at our facility.?

It is important to note that discounts are possible for long term car storage and returning customers. Meanwhile, the minimum amount of time for car storage at their facility is three months. It is possible to remove the car from the facility within 24 hours after giving notice but the price plan for that month will not be changed. Their services include the trickle charging of the vehicle?s battery.

There are several key features of the services provided by Driven Car Storage and Concierge London. These include: high secure car storage facility; long term car storage in London; 100 percent moisture free; concierge service; Central London pick and drop off points; fully insured facility; classic car storage facility;

established brand with Driven car storage in Lancashire; vehicle storage facility in London; flexible London car storage prices; friendly customer service team; trickle battery charging; generously sized car storage bay; all car keys kept in an off site safe; not far from Wembley, North London; double security door for peace of mind; and convenient all year-round access with 24 hours notice.

They also offer concierge services. These include MOT test preparation, upgrades, bodywork, modifications, tyres, and valeting. The MOT test has the purpose of checking the car to ensure that it complies the road safety and environmental standards. An MOT for a car is required during the third anniversary of its registration or the anniversary of its last MOT, if the vehicle is more than three years old.

Driven Car Storage and Concierge London is a privately owned and operated company that was established by a fellow car enthusiast to offer affordable and reliable car storage services throughout the Greater London Area. They are conveniently situated in North London, which is only 15 minutes on the A40. They?re not far from Paddington in London but they have a collection and drop off point in Mayfair should this be needed. One of the primary reasons that customers prefer their service is because it is possible to pick up their car from the vehicle storage facility with at least 24 hours notice. They also provide concierge services when required.
