

Texas Real Estate Entrepreneur Chastin J. Miles Launches Company to Help Newer Agents Grow and Scale Quickly

October 21, 2021

Dallas, TX - October 21, 2021 -
Power Unit Coaching, a subsidiary of CJM International, LLC, has announced the launch of its new coaching company to help newer real estate agents in the industry grow and scale quickly with proven methods and tactics. The founder, Chastin J. Miles, explained how he?s excited about the opportunity to give back to his industry by providing an affordable way for newer agents to get on top of their game through a process that takes roughly only 8 weeks.

The coaching program includes monthly time with mentors as well as access to exclusive webinars and workshops with expert speakers designed for this niche real estate market. This company offers all-inclusive mentorship that includes weekly or monthly one-on-one time with mentors as well as access to exclusive training and digital programs.

?Having a mentor or a coach can be a very important part of a person's life. A good coach will help you set goals and take the necessary steps to accomplish those goals. A coach can also be someone who supports you, even if they're not going through the same experience as you. We believe that having a coach is

important because it improves your success rate and makes reaching your goals easier,? states Miles.

Miles also stated, "...coaching is the key to success. Everyone needs a coach. I, unfortunately, didn't have a coach when I first started. This made me appreciate a coach even more. Subscribing to a coaching program has truly made a big difference in my business...."

Chastin added, ?Starting a new business is hard, but it's even harder to grow and scale quickly.?

Chastin J. Miles knows this all too well. He started his first real estate business in 2015 just as a solo agent and now has grown his team to over 130 agents across the country. He attributes his ability to scale his business in this way to being a student of the game, in a group full of winners.

Power Unit Coaching offers an affordable way for newer agents to get on top of their game through a process that only takes 60 days. The coaching program includes monthly face time with mentors as well as access to exclusive webinars and workshops with expert speakers designed for this ever-changing real estate market.

Head coach, Chastin J. Miles, helps agents increase their income by 2-3 deals per month all while getting the best coaching and training in real estate. Through this, his clients create a plan that works for them, not against them, and get results for clients faster than they ever thought possible.

Chastin J. Miles started out as a broke real estate agent. He shares his story on how he succeeded even when everyone said he was crazy, and that it couldn't be done. Today, he helps other real estate agents nationwide to succeed by subscribing to his best practices that have worked time and time again.

Power Unit Coaching is a group of people with one single mindset: to "Do The Most". This coaching company's vision is simple; help every real estate agent generate $100,000 or more per year through proven methods, tactics, and strategies designed just for them!

Power Unit Coaching is excited to announce the launch of their new coaching company designed for real estate agents in the industry. With proven methods and tactics, this company offers all-inclusive mentorship that includes weekly or monthly face time with mentors as well as access to exclusive webinars and workshops with expert speakers. This niche audience program provides an affordable way for newer agents to get on top of their game through a process that only takes 60 days. For more details about the Power Unit
