

Electronic Merchant Systems Offers Payment Processing Solutions for Virginia Business Owners

October 27, 2021

Cleveland, Ohio - October 27, 2021 - PRESSADVANTAGE -

Electronic Merchant Systems (EMS) is an Ohio-based Payment Processor and is offering its payment and credit card processing services in Virginia.

EMS is seeking business owners who want to start accepting credit cards or completely update their existing merchant services. That includes Point of Sale terminals, mobile payment acceptance, virtual terminals, gift and loyalty cards, eCommerce solutions, or whatever your business needs to thrive.

For Virginia business owners that require a mobile processing solution, Electronic Merchant Systems offers EMSmobile. It provides a simple yet powerful mobile payment acceptance option to allow businesses to get paid on the go. EMSmobile is compatible with both iOS and Android devices. Business owners are provided a card reader that can connect to the business owner's device using Bluetooth. With the EMSmobile, it is possible to create itemized or simple transactions, accept tips and manage cash payments, track and control inventory, and allow customers to dip, tap, or swipe credit cards

Businesses that require an e-commerce solution can opt for EMS' Virtual Terminal that allows customers to place their orders or pay securely on the web. EMS' Virtual Terminal is an interface that is fully integrated into a payment gateway and the user can run the gateway as if it were a credit card terminal on any computing device, including mobile devices. The Virtual Terminal is browser-based, meaning that it is fully accessible through any web-enabled computing device.

For restaurant owners specifically, EMS offers Total Touch POS. Total Touch is a comprehensive restaurant Point of Sale system that provides benefits such as Online/Mobile Ordering Options, Open Table

Management, and a comprehensive interface.

Electronic Merchant Systems is a market-leading provider of retail point-of-sale systems. Not only can business owners accept all major credit cards like Visa, MasterCard, Discover, and American Express using EMS' MaxxPay, but they can add personalized gift cards, track employee hours, and set up low-quantity alerts.

For over 30 years, EMS has been helping business owners maximize their cash flow and streamline their operations. One aspect that cannot be understated is EMS' focus on safety and security for both businesses and customers. EMS has been a certified level 1 PCI provider for over a decade.

EMS was designated one of Retail CIO's Top 10 Most Promising Payment and Card Companies in 2019, a Top 20 Most Promising POS Solution Provider in 2020, and a Top 10 provider in CIOReview's Mobile Payment 2021.

In addition, EMS has collected over 975 Google Customer Reviews with a rating of 4.7/ 5. Here is one of the many positive reviews, written by Shaukat Chowdhari, "Very good experience with the representative of this company. She was very thorough and knowledgeable with the product that was being sold and she was very helpful pulling up account of previous company. They spent a lot of time in our office helping and we are very happy since she was able to cut down our costs for this merchant account."

Business owners that are interested in the best Virginia payment processing and merchant services can learn more about Electronic Merchant Systems via their website or contact them over the phone.
