

A Step Above Limousine Service Has New Mini Bus Available a Freightliner M2 35-Passenger Mini Bus

October 28, 2021

October 28, 2021 - PRESSADVANTAGE -

Charlotte, North Carolina ? Working towards making group transportation easier, A Step Above Limousine Service today unveiled its new Mini Bus. The new Freightliner M2 is perfect for medium-sized groups, carrying a maximum of 35 passengers.

The new vehicle comes just a couple of weeks after A Step Above Limousine Service received complaints from a customer who ended up hiring the company?s 56 Passenger Black MCI J4500 Motor Coach to transport a group of only 32 people.

In the complaint, the client noted the following, ?I have been using A Step Above Limousine Service for the past 3 years. I have enjoyed a wide variety of the company?s services, ranging from personal limousine service to airport transportation service. The company has always been perfect, keeping time and having the most reliable chauffeurs. However, the company has failed to satisfy my needs for my wedding transportation. It looks like the company does not have a vehicle for handling medium-sized groups. This means that I could not find a good minibus for my group of 32 people. However, as usual, the company agreed to offer me a discount for the biggest vehicle they have ? they charged me a very affordable price for their 56-passenger motorcoach. I would, however, like to suggest to the CEO that he consider getting us a minibus for future medium-sized group travels.?

The A Step Above Limousine Service CEO noted that the Freightliner M2 is just a start for the company. The company plans to add more vehicles to satisfy the needs of medium-sized groups. In the next couple of weeks, A Step Above Limousine Service will be investing in a 28-passenger minibus and a 13 passenger Mercedes Benz Sprinter Executive.

"For the years we have been in business," said the company's CEO, "our requests always come from groups of below 13 passengers or above 40 people. We haven't served many medium-sized groups ? this is why we had procrastinated on getting vehicles ideal for groups of 13 to 35 passengers. However, after we forced one of our customers to use our 56-passenger vehicle, we knew we had to do better the next time someone called looking for a vehicle for a medium-sized group. This is why we have directed our income to these 3 vehicles. As you can see, the first vehicle ? the Freightliner M2 ? is already here. We are already in the process of ordering the 28-passenger and 13-passenger vehicles."

A Step Above Limousine Service notes that the new vehicles will be ideal for all types of travel needs. The vehicles will be used for weddings, bachelorette parties, proms, bachelor parties, corporate travel, and much more. The company will be giving customers a chance to redesign the vehicles so that they can fit their needs.

"If you are heading out to a party," said the company's CEO, "and you need a party bus rental, we will allow you to turn the Freightliner M2 into a party bus. This means that, on request, we can include a minibar in the vehicle, add a stereo system, include flat-screen TVs, and even add dance poles for women who would like to cut the rug on the road."

The A Step Above Limousine Service CEO indicated that the company will be hiring a new chauffeur for each of the vehicles added to its fleet. Some of the qualifications each of the chauffeurs will need to have to be accepted on the team are people skills, ability to keep time and at least a decade of driving experience.

"We want our customers to feel at home in our vehicles," said the CEO. "Drivers with people skills will make our customers feel comfortable. With years of experience on the road, the chauffeurs will ensure maximum safety."

The A Step Above Limousine Service office is located at 1917 Scott Futrell Dr, Charlotte, NC 28208, United States. To book a party bus, call +1 704-605-1108 or send an email to sales@limofind.com.
