

Ultimate Flags Celebrates Veterans Day

November 05, 2021

Okeechobee, Florida - November 05, 2021 - PRESSADVANTAGE -

Okeechobee, FL based Ultimate Flags Inc is celebrating Veterans Day by encouraging their community to make a donation to a non-profit group. The company, which itself has contributed both funding and products on many occasions, recommends that patriotic Americans look up non-profit groups that specifically support Veterans and 1st Responders for this purpose. Sacredmntretreat.org, for instance, is helping Veterans take advantage of the healing beauty of the outdoors, but there are many organizations that provide assistance in their own unique way.

?Any support you can provide to these non-profit groups will directly benefit the men and women who have sacrificed so much for the protection of this country,? states Ultimate Flags. ?If you are able to spare anything, we ask that you please honor Veterans this Veteran's Day by donating to a non-profit group that supports Veterans and 1st Responders. We have all experienced many difficulties over the past year or so, and our Veterans are likely to have endured just as much, if not more. Whatever you can spare will be appreciated. Every little bit helps.?

While the company will be making a contribution themselves this Veterans Day, it is worth noting that this

represents only a small fraction of their efforts to show appreciation for the Veteran community as well as 1st Responders. Through their social media FB page, for instance, Ultimate Flags regularly shares stories and anecdotes on lesser known figures in American history who fought to protect their country. These posts also describe historical engagements where American forces demonstrated their extraordinary bravery and perseverance in the face of overwhelming odds.

Ultimate Flags also makes it a point to follow in the example set by these remarkable individuals by offering customers a fully functional storefront that delivers on its promises. Both national and state flags are available through the Ultimate Flags website, crafted with care and attention to detail in order to ensure they can proudly withstand the test of time and the elements (if displayed outside). With bright colors that resist fading, stitching that prevents fraying and many other manufacturing techniques, Ultimate Flags gives their community the opportunity to own flags that truly represent the unwavering spirit of the men and women who defend their freedoms and way of life.

Those unfamiliar with the quality of Ultimate Flags' work need only look up their customer reviews for further insight. David S. writes in his 5-Star Google review, "Ultimate Flags has to be the best supplier of great flags on the planet! I have purchased many different flags from them over the years and have never been disappointed. The quality of the flags they sell are of very good quality, and the fast service they offer is second to none! It is so nice to do business with an honest American company!?"

Taleen B. also offers a few details regarding the company's high standard of customer service. While events outside the company's control may sometimes contribute to a delay in deliveries and so on, Ultimate Flags understands that their customers simply want to be kept informed at every stage. Where other manufacturers may obfuscate their process and keep the customer waiting without any information whatsoever, Ultimate Flags opts to stay transparent.

The review says, "Ultimate flags is such a great company! I've purchased 7 flags from them, and they've sent me numerous appreciation letters for supporting them and great free gifts. They constantly keep you up to date when your flag is ready to be shipped (because some flags were out of stock), and there's never a concern that you will not be getting your flag. Additionally, their flags have such great material, and more than anything I am so thankful for their patriotism. I highly recommend purchasing their flags."

More information on the various flags the company offers can be found on the Ultimate Flags business page. Customers and other interested parties may also direct any further inquiries to Ultimate Flags Inc. Ultimate Flags asks others to honor Veterans in their community any way they can. Something as simple as thanking a Veteran for their service, honoring gravesites of local fallen heroes, buy a Veteran breakfast and if one can,

help a non-profit Veteran group this Veterans Day.
