

Hooded Neck Pillow Relaunched For The Upcoming Holiday Season

October 23, 2015

October 23, 2015 - PRESSADVANTAGE -

H&W Quality Products is proud to announce that they have relaunched their popular hooded neck pillow in time for the holiday season. The product can be seen on <http://www.amazon.com/dp/B011JHZKCK>. In addition, H&W Quality Products has also launched their brand new website, which is another cause for celebration.

Greg Dunsworth from H&W Quality Products says: "Our hooded neck pillow has long been a bestselling product. As we have also launched our brand new website and the holiday season is approaching, we thought now would be the perfect time for a sale."

To celebrate the launch of their new <http://www.hwqualityproducts.com/> website, the company is offering a holiday sale. Customers can receive \$5 off every order by entering code \$5OFFORDER at checkout. The offer will be valid until the end of the year.

The hooded neck pillow is designed to give travelers both comfort and privacy during their journeys. It helps to block out the light and dampen sound, creating a much more comfortable sleeping experience during plane or bus rides. The product sets itself apart from that of the competition through its over-sized hood, which can easily be pulled down over the eyes to block out more light.

The hooded pillow has been very positively received. "Easily the best investment of my life," says Kodiak Dunsworth. "I went from getting no sleep on planes, to falling asleep before the captain turns on the 'fasten seat belt' sign. If you have any sense at all you will buy this pillow and never look back. It will be the best decision you've made in a long time. Guaranteed."

H&W Quality Products was founded on the premise of bringing health and wellness solutions to consumers. All of their products are focused primarily on alleviating discomfort during everyday tasks, including sitting, standing and laying down. Additionally, they believe consumers should be committed to being active. For this reason, they have also launched a range of products that increase comfort and

performance during sport and leisure activities.

Customers are encouraged to give the company a 'like' on Facebook through https://www.facebook.com/HWQualityProducts?ref=aymt_homepage_panel, where they can be kept up to date with further special offers.
