

The Personal Injury Attorneys of Newtown Square To Host Second Webinar

November 05, 2021

November 05, 2021 -

Newtown Square, PA ? The personal injury attorneys of the Newtown Square Justice Guardians have announced their second webinar to offer the community free information on the type of accidents that warrant a personal injury lawsuit. For more information, visit: <https://justiceguardians.com/pa/newtown-square/>

?Our personal injury lawyers of Newtown Square have seen many victims who didn?t know that their accident had grounds for legal action. We?ve had many people call our 24/7 helpline (866) 918-5292 to ask about their legal options. Although we highly encourage every victim to do this, we don?t want you to experience an accident before learning about your rights. So, our attorneys have put together this webinar to go over the many types of incidents that could lead to a personal injury claim,? explained managing personal injury attorney David Petrone, Esq.

He continued on to state: ?Whether the incident was a car accident, bicycle accident, motorcycle accident, slip and fall accident, offshore accident, work-related accident, dog bite accident, mold exposure accident, asbestos exposure accident, birth injury accident, brain injury accident, or sports injury accident, victims have the right to compensation if it was due to another person?s negligence or intentional action.?

The webinar will be held on Friday, December 10, 2021, at 4:30 p.m. EST through Zoom. It will be for the service areas of Newtown Square, Larchmont Meadows, Upper Providence Township, Aronwold, Broomhall, Rose Tree, Whitehorse Farms, Woods at Langford, Sycamore Mills, Edgmont, Wyola, and Worrell.

For a free consultation with the Newtown Square Justice Guardians, visit their local office at 3545 Rhoads Ave #103, Newtown Square, PA, 19073 or call their helpline.

To stay up to date on the local law firm, read about their previous press release.
