

Leading Mission, BC Auto Glass Company Ready for Busy Fall Season

November 08, 2021

West Heights, British Columbia - November 08, 2021 - PRESSADVANTAGE -

Mission, BC - Inclement weather means more damaged glass, but Abstract Auto & Window Glass is more than ready.

Abstract Auto & Window Glass, the preferred auto glass dealer for drivers throughout the Fraser Valley in British Columbia, is ready for a busy fall season of repairing rock chips and other windshield damage as the weather becomes harsher. Nicole Norden, office manager for Abstract, says the fall season is typically very busy as the road conditions change and debris on roadways takes a major toll on windshields and windows.

"This is the time of year when visibility on the roads becomes so much more of a challenge," Norden says. "Of course, there is less daylight, and the snow and rain pull debris onto the roads that oftentimes just can't be avoided."

Based in Mission, BC, Abstract Auto & Window Glass has served drivers with all their windshield and glass needs since 1975, and is known for speedy service, exceptional work, and valued expertise. Even with a heavy increase in business as the fall season kicks into high gear, Abstract is more than equipped to handle a sudden influx of work. Although the industry is facing some glass availability issues due to fallout from the COVID-19 pandemic, Norden says they are leveraging all of their industry contacts and establishing new relationships with other vendors to make sure their lead times stay as short as possible and that they can continue to live up to their unparalleled reputation.

?Thankfully, because transportation and logistics lean heavily on us to keep them on the road, the supply issues we are facing have not been too much of a challenge and we have been able to get our customers back on the road as quickly as possible,? Norden says.

Those in need of rock chip repair, or windshield repair or replacement should contact Abstract immediately to schedule an appointment. The company can process insurance claims directly at their shop, and is also happy to help customers without insurance, and will provide fast and transparent quotes on site.

About Abstract Auto & Window Glass
