

Restaurant & Cafe Supplies Online Announces Quick Ship Inventory For Restaurant Table Tops

October 26, 2015

October 26, 2015 -
California-based Restaurant & Cafe Supplies Online has announced the company now has quick ship inventory available for customers. The quick ship inventory means that customers will not have to wait for certain styles of the company's popular reclaimed wood table tops to be built.

Doug Stoutenburg, owner of Restaurant & Cafe Supplies Online, explains, "We now have an inventory that is ready to be shipped immediately. We've noticed a high demand for specific sizes of restaurant table tops and, instead of building a custom table top each time we receive an order, we now have those lines pre-built and in stock."

The inventory offers table tops in a range of styles and designs, but focuses on the company's popular reclaimed wood table tops. Now, instead of waiting for weeks while the products are built, customers can simply select from the quick ship inventory and have their furniture shipped out immediately.

"We just feel that this is going to save restaurant owners a lot of time. They can now get beautiful reclaimed wood table tops very quickly," states Stoutenburg.

Restaurant & Cafe Supplies offers a wide selection of products for restaurant, cafe, and bar owners. From table tops to table bases, seating, shelving, and desks, they provide supplies that restaurant owners require for opening or redecorating.

The company was the first business in the United States to start selling reclaimed wood furniture, and Stoutenburg states that they take customer satisfaction seriously. Always adding inventory to meet the growing needs of their client base, he says that the decision to add inventory ready to ship is based on a number of customers who have reached out to them, stating that they would prefer to be able to order and receive their products quickly.

"We've got people working hard to keep this inventory stocked, and we don't plan to stop there," Stoutenburg says.

Those who are interested in learning more or want to take a look at the new ready-to-ship inventory can visit the company at their official website, which is found at rcsuppliesonline.com.
