Oklahoma City Tree Service Experts Impresses Homeowner with a Discounted Tree Trimming Cost

November 08, 2021

November 08, 2021 -
Oklahoma City, Oklahoma ? This morning, Oklahoma City Tree Service Experts completed a large tree trimming project. Working on Lincoln?s landscape, the company trimmed more than 25 trees.

Oklahoma City Tree Service Experts impressed the homeowner after knocking down several dollars from the normal trimming cost for each tree. According to the company?s CEO, this is a normal discount given to homeowners hiring his team to work on more than one tree.

?When Oklahoma City Tree Service Experts arrived on the landscape to perform an estimate,? said Lincoln, ?their quoted cost was already much better than what other teams had offered in the past. However, when they completed the tree trimming project today in the morning, the CEO called to say that they hadn?t included the multiple trees discount. This meant that they were planning to lower the cost of the entire project even further. Reducing the trimming cost for each tree by a few dollars, the company ended up reducing the total cost for the entire project by more than 100 dollars.?

The homeowner noted that before contacting Oklahoma City Tree Service Experts, he had contacted several other tree care companies. The quotation sent by what seemed like the cheapest company was at least 500 dollars more expensive than what he paid Oklahoma City Tree Service Experts.

?It is impossible to understand why other companies would be so expensive,? added Lincoln, ?An uninformed guess would be enough to see that Oklahoma City Tree Service Experts is a company built to ensure that all homeowners ? irrespective of their financial position ? can afford professional tree services in Oklahoma City.?

To see all the services offered by Oklahoma City Tree Service Experts, visit its official website here: https://www.treeservicesoklahomacity.net/.

Reporters contacted Oklahoma City Tree Service Experts to determine whether the company charged low prices for all procedures. The reporters wanted to know whether the affordable prices extended to services like tree removal and stump removal or were just limited to tree trimming.

?Oklahoma City Tree Service Experts has been working with commercial and residential property owners for more than 25 years,? said the company?s CEO. ?While the company was only handling tree trimming when it was first established, today the company?s team of qualified professionals in Oklahoma City can handle all types of tree care procedures. To make all these procedures accessible to everyone, the costs are kept in the lower end.?

The CEO noted that the company?s ability to complete tree service procedures quickly helped its customers enjoy affordable prices.

?When the Oklahoma City tree trimming team arrived on Lincoln?s landscape,? said the Oklahoma City Tree Service Experts CEO, ?they asked him the number of days he thought the project would take. The homeowner noted that he expected the team to handle 3 trees per day. This meant that he expected the team to be on his landscape for at least 8 days. To his surprise, the team finished the tree trimming procedure in 4 days.?

The CEO noted that if the procedure had taken 8 days, Lincoln would have paid more money ? at least 3 times the amount he parted with this morning.

?Modern tree service tools make professional tree services easier,? said the company?s CEO, ?Allowing quick project completion, the tools allow the team to move on to other projects. Even though Oklahoma City Tree Service Experts charges a lower cost, the company often makes much more money than companies that spend more time on a single project.?

The CEO noted that his company has a special discount for homeowners planning to improve multiple trees together. According to the company?s CEO, multiple trees bring in more revenue and cut down on the company?s fuel costs, permit fees, and travel time ? this makes the discounts viable.

Oklahoma City Tree Service Experts base of operation is located at 106 NW 12th St, Oklahoma City, OK 73103, United States. The company can be contacted via +1 405-766-5526 and sales@treeservicesoklahomacity.net.
