

Top Canadian Military and Outdoor Supplier Ready for Holiday Season

November 15, 2021

November 15, 2021 -

Langley, BC - POCO Military and Outdoor Supplies offers one of the largest selections of outdoor, camping, tactical, airsoft, and surplus items in Canada.

POCO Military and Outdoor Supplies, one of Canada's largest military surplus stores and recreational supply stores, is gearing up for a busy fall and winter shopping season as the holidays quickly approach. Owner Matt Baker says they have been able to keep a large inventory of the most popular, leading brands across a wide variety of shopping categories, including firearms and firearm accessories, paintball and airsoft equipment, and outdoor and camping gear.

"While we have run into just a few availability issues due to covid-related logistical challenges, overall, we are fully stocked across the board and are already seeing shoppers gear up for what we expect to be a very busy holiday season," Baker says.

Each year, Baker says sales always pick back up since many people enjoy camping and being outdoors in the milder weather, and many others are eager to come back from summer excursions and add to their kits based on what they've learned or have seen other people use. Of course, this is the same time of year that Christmas shoppers are eagerly buying gifts for friends and family, and Baker loves connecting customers with the perfect gift for their special someone.

"The bottom line for us is to be there for the outdoor enthusiasts, survivalists, tacticians, and self-starters who love being in nature and enjoying the beautiful natural world we all share," Baker says. "It's a blessing to be able to provide people with the tools they need to maximize their outdoor experience that also teach them important skills they will carry with them for the rest of their lives."

About POCO Military and Outdoor Supplies
