

# Xpress Exterior Design: Baltimore Roofing Company Expands Storm Damage Restoration Division

*November 22, 2021*

November 22, 2021 -

Baltimore, Maryland - Xpress Exterior Design has recently announced the expansion of their storm damage restoration division in response to the significantly large number of thunder storms and violent tornadic activity in the area. The expansion was in response to the growing number of requests they have received for roof repair and roof inspection because of potential wind damage or hail damage.

Such damages to the roof can become a major issue for the roofing system, not just because of granular loss and shingles that are blown off, but most of all leaks. Such roof leaks can worsen over time, leading to more costly repairs or even a complete roof replacement. Storm damage has a number of possible indicators, such as: broken shingles, missing shingles, water stains and brown spots forming on the ceiling, and leaks.

With the expansion of their storm damage restoration division, homeowners and other property owners in the Baltimore metropolitan area can depend on Xpress Exterior Design for the inspection of their roofs for storm damage, get assistance in mitigating any future damage through tarping, and the repair or replacement of their roofs with expertise. After this expansion, this division is able to better serve Baltimore neighborhoods, such as: Downtown, Fells Point, Inner Harbor, Hampden, Canton, Federal Hill, Brooklyn, Mount Vernon,

Patterson Park, Bayview, Harbor East, Roland Park, Locust Point, and Pigtown. These storm damage roofing inspections are provided by Xpress Exterior Design are offered free of charge. Those who want to be updated on events involving the roofing contractor can check out their media roof at https://www.pressadvantage.com/organization/xpress-exterior-design-baltimore-roofing-company.

When homeowners and other property owners suspect that they have roof storm damage, they are advised to have their roof inspected by roofing professionals, such as those from Xpress Exterior Design. It is important for homeowners to note that roofs, which are at least 10 years old, are more prone to suffering from leaks or losing shingles. Thus, it is imperative to have them inspected right after a severe storm, particularly those that are accompanied with strong wind and hail.

Xpress Exterior Design can handle various kinds of roofs, such as metal roofing, asphalt shingles, slate roofing, cedar shake roofing, flat roofing, tile roofing, and more. There are a number of factors that make the roofing contractor unique among other similar service providers in the area. These include the fact that: they are bonded, licensed and insured; 50-year warranties are available; new roofs are available for as low as $500; and they offer financing options as low as $59.99 per month.

Meanwhile, Xpress Exterior Design has been receiving highly positive reviews from customers. They have an overall rating of 4.8 out of 5 stars, which means that most of their reviews are five-star rated. For instance, a certain W.D. Fuller has given the company a five star rating and said, ?Xpress Exterior Design did an amazing job on my roof installation and siding repair. Logan Lambert and Gus were very professional. My roof looks great and the excellent quality of materials. Great job. Thank you so much! From a very satisfied customer.? In another review, Teresa A. also gave the company five stars and said, ?I put my request in home advisor on a Thursday. Within minutes Xpress Exterior Design called me. We set up a consultation for the next day. The representative was on time, knowledgeable about the product but not pushy. The price quoted was less than expected and came with a great warranty, We had to get shingle approval from our HOA which we had by Tuesday. The next Monday the materials were dropped off. Tuesday the installers were there right on time and done by 5:30. The whole process took about 11 days. Amazing.?

Xpress Exterior Design was founded in response to the need for reliable, trustworthy and dependable roofing contractor in the Baltimore metropolitan area. They boast of more than 50 years of combined experience in both home improvement and roofing and they have established as their goal to become a brand that homeowners can trust. As such, they will always stand behind the quality of the workmanship they provide and will always ensure that their customers are satisfied 100 percent.

Those who are in need of the services of a roofing company can check out the Xpress Exterior Design: Baltimore Roofing Company website, or contact them on the phone or through email. They are open from 9:00 am to 5:30 pm, from Monday to Friday.
