

Company Offering Emergency Water Damage Repairs in Tempe Gets Another Five Star Review

December 08, 2021

Mesa, Arizona - December 08, 2021 - PRESSADVANTAGE -

Dry Star Restoration, a company providing emergency water damage repairs in Tempe, AZ, is proud to announce that they have received another highly positive review on Google. The customer had called on Dry Star in two different occasions and was impressed about the service provided both times. Getting great feedback from customers is not really new for Dry Star, which has developed a reputation of being the leading provider of water and fire damage restoration in Arizona. They have an A+ rating from the Better Business Bureau and they were the recipient of the 2018 Angie's List Super Service Award.

In the above-mentioned review on Google, Summer N. gave them a five-star rating and said, "Robert at Dry Star always makes sure our family is well taken care of. The first time we used them, our kitchen sink had leaked and caused water damage through our cabinetry etc and everything had to be ripped out and replaced. It ended up being a much bigger job than we expected, but we got to add the changes to the kitchen we wanted in the process and it was a smooth process over all. The second time, we found mold in one of our bathroom cabinets from an outside source. They came quickly and removed the mold and quoted repair. They are honest and reliable and make sure you're well taken care of and happy with your service. 10/10 recommend! Noah and all of the other techs that came were pleasant and kind as well as informative."

Dry Star Restoration provides water damage cleanup services throughout Tempe and neighboring areas. They are capable of providing a range of services, from water removal and extraction to complete restoration, from any kind of emergency situation, whether it be broken or leaky pipes, sink overflow, toilet overflow and leaks, bathtub overflow, refrigerator leaks, washing machine leaks, air conditioner leaks, dishwasher overflow, water heater overflow, crawlspace drying, sump pump failure, or hardwood floor water damage. They have highly trained and certified technicians ready to apply their experience and knowledge on the latest water damage remediation and restoration methods and technology. They use moisture detecting tools to find out where the water has migrated and all of these areas are properly cleaned and dried to prevent further damage. If there is any structural damage, they will perform the repair or replacement of important structural components.

Dry Star Restoration can also provide flooring contractors in Phoenix and other cities in Arizona that can do flooring or remodeling work. First of all, homeowners and building owners can request for a free expert evaluation to get a rough estimate of how much a particular project will cost. They have the flooring professionals who are capable of installing carpets, hardwood flooring, laminate flooring, and more.

There are a number of factors that make Dry Star Restoration stand out among its competitors. These include: the fact that they are locally owned and operated; their team of certified technicians; the provision of 24/7 emergency services; award winning service; honesty and integrity; use of the most advanced equipment; complete disaster recovery service; the fact that they fully bonded, licensed and insured; and their involvement in the community.

Founded in 2012, Dry Star Restoration has grown into a leading provider of water and fire damage restoration in Arizona. They are a family-owned company that is committed to providing excellent customer service in restoring the home or business to its original condition. Their certified professionals have a proven track record of being highly responsive and having the experience and knowledge on mitigation that is vital in minimizing the disruption experience by the client caused by a disaster. Their service area includes: Apache Junction, Fountain Hills, Chandler, Glendale, Gilbert, Higley, Gold Canyon, Paradise Valley, Mesa, Phoenix, Peoria, Rio Verde, Queen Creek, Scottsdale, San Tan Valley, Tortilla Flat, and Tempe.

Those who are interested in learning more about the emergency water damage repairs services provided by Dry Star Restoration can check out their website, or contact them on the telephone or through email. They are open 24 hours a day at any day of the week.
