October 21, 2015 - PRESSADVANTAGE -

New Design Features Include 40% Larger Size, Hidden Tissue Holder and Driver's Side Drink Holder

WeHaveCoolStuff today announced the launch of its newly designed Auto Trash Bag & Organizer. The popular item now has an improved design, while keeping its original features providing durability, versatility and convenience for collecting trash and holding small items in the car. The Auto Trash Bag & Organizer is available for purchase on Amazon.

The new design features include:

40% Larger Size ? With its new measurements of 12 x 9 x 6 inches, it's now able to hold a considerable amount of trash.

Hidden Tissue Holder ? Holds a box of tissues behind its polyester exterior so the box doesn't show. Users can grab a tissue from a convenient dispenser slit.

Driver's Side Drink Holder ? Drink and can holder has been moved to the driver's side, making it easier and safer to grab a drink while at the wheel.

?We improved the design of our Auto Trash Bag & Organizer to give it a stylish designer appearance, while enhancing your car's interior,? said Richard Eisner, CEO of WeHaveCoolStuff. ?Many of us spend a large amount of time in our cars, and our goal is to meet the needs of our customers who prefer to keep their cars clean and organized.?

The all-in-one deluxe Auto Trash Bag & Organizer offers a convenient location for drinks, tissues, cables, and many other small travel necessities. It is rugged, durable and heavy-duty. Its 600-denier polyester exterior with sewn and finished edges is 100% leak resistant to protect car's carpet and upholstery from spills and stains.

It is versatile and can be used for back seat or turned around for use in front seat while driving alone. It has an adjustable headrest strap with a quick-release buckle. An additional velcro strip on back stabilizes the bag and insures maximum backseat roominess. It can be collapsed when not in use and takes only seconds to install and remove.

The Auto Trash Bag & Bin Organizer is available on Amazon and has a lifetime warranty. Customers receive a free report on ?62 Ways to Save Money at the Gas Pump? with every purchase.
