

Cannabis Dispensary in Calgary Sees Its Growth Fueled by a New Location and Unique Vibe

December 06, 2021

December 06, 2021 -

Dank Cannabis Dispensary in the Dover area of Calgary, AB has worked very hard to become one of the premier dispensaries in their area in a very short time. That includes recently opening this new location that can better showcase the different Cannabis-related products that they offer and help their staff better interact with their clientele. This new location which opened at the beginning of November is at 3525 26 Ave SE #2, Calgary, AB T2B 2M9, Canada. That new Southeastern Calgary location is an area of the city that the staff at Dank not only thought would be fairly convenient to get to but also was in an area that had previously been underserved as far as their unique product niche goes. It's close to the intersection of 26th Ave SE and 36th Ave SE very close to Tim Horton's and 7-Eleven, and a short walk from Southview Park.

A spokesperson for the dispensary, Summer Meyer, says, "Like any business, we are always looking for new ways to help better serve our community and grow our business. We feel our new location will really help with that. But we are focused on the fact that we're not the only ones that will benefit from having another location as it will help us better serve our clientele too. Our customers will be able to see more of the diverse bud selection and other cannabis-related products that we offer and it will also help us prioritize giving them a better customer experience. This includes our clients having much more room to walk around and interact with our 'hip' sales team that really knows our product well."

So far, the new store has been receiving rave reviews from those in the Calgary area that have visited it. Cassandra White-Baroldi stated, "Really clean and fun looking store! They have a great selection of products and extremely helpful staff. Definitely will be coming back!" Jamie Wiesner wrote, "Awesome store, and the selection was amazing along with a staff that's incredibly knowledgeable and helpful. Was my first time in the store, and I will definitely be back." More about the new store's product selection and location can be seen on the Dank Cannabis dispensary website at <https://dank.ca/>.

Meyers went on to say that although the new location is great and will add to their customers' shopping

experience, that's not all they are about. She says, "Although our new location will allow us to better showcase our products, the trait of ours here at Dank Cannabis Dispensary that we are most proud of is the atmosphere that we have created for those that come to visit us". They have worked hard to create a unique sales atmosphere that strongly resonates with their clientele. This is also reflected in some of the reviews that the Dank Cannabis Dispensary has received. Sol Jara stated, "What a great dispensary! Great selection of products and a very cool vibe. I didn't expect it and definitely impressed me in the best way."

The dispensary's spokesperson also pointed out that their staff knows their stuff when it comes to bud, something very important in the diverse world of Cannabis where not all of the plants have the same characteristics. She feels that their knowledgeable staff is great when it comes to getting clients turned on to products that deliver more of the experience that they are looking for. It also is a big help to those that are looking to try something new. Those customers that like to ask a few questions to help narrow down their bud choices appreciate the help that the staff at Dank Cannabis Dispensary in Dover, Calgary, AB gives to them and the shop's employees demeanor as they are doing it. Donavon Ramsey proclaimed, "Wonderful staff very knowledgeable and easygoing they actually help you find what you want. Awesome service. The prices are good with a decent selection. Definitely good for convenience and service."

Those in the Calgary area that would like more information on this cannabis dispensary that is rapidly gaining in popularity can also refer to the Dank Cannabis Facebook page.
