

The Dog Bite Injury Attorneys Of Pottstown To Host Their Second Webinar

December 01, 2021

December 01, 2021 - PRESSADVANTAGE -

Pottstown, PA ? The dog bite injury lawyers from the Pottstown Justice Guardians have announced their upcoming webinar on the importance of hiring a legal representative in a dog attack incident. To learn more, visit: <https://justiceguardians.com/pa/pottstown/>

“Although dogs are man’s best friends, their attacks could leave victims with physical and emotional scarring and trauma. It is the right of victims to seek legal justice and compensation for the pain and suffering they have to endure because of these dog attacks. It is our duty as dog bite injury lawyers to find evidence of negligence and get our clients the most compensation that their case warrants. However, some victims don’t know how strong their case could be and are tricked into settling for the payout that the defending party first offers,” stated managing dog bite attorney David Petrone, Esq.

“This and many other reasons are why it’s important for victims to seek consultation from an experienced attorney. The upcoming webinar on Thursday, December 16, 2021, will go into more detail on the other reasons. The event will be hosted through Zoom at 11 a.m. EST,” Lawyer David Petrone went on to say.

Petrone, Esq. and his legal team have litigated for victims of personal injuries, car accident injuries, motorcycle injuries, slip and falls, dog bites, workplace injuries, offshore injuries, birth injuries, train accidents, bus accidents, boating accidents, scaffolding accidents, construction accidents, mold exposure, asbestos exposure, rideshare accidents, wrongful death, medical malpractice, workers’ compensation, and more.

They are responsible for representing victims in the areas of Pottstown, Sanatoga, Schades Corner, South Pottstown, Fagleysville, Halfway House, Stowe, West Pottsgrove, Ashford Green, Limerick, New Hanover, Kenilworth, Woodgate, Pottsgrove, Coddington View, Ringing Hills, Pine Forge and Unionville.
