

Printer Supply Company Tech Dogs Moves To New Location In Plano, Texas

December 16, 2021

December 16, 2021 - PRESSADVANTAGE -

Tech Dogs, a printer supply company that provides industry-leading laser printer repair services and toner supplies, has moved to a new location in Plano, Texas. The company's new retail location is at 2805 E. Plano Pkwy #200, Plano, TX 75074.

The company's technical expertise covers the latest printing technology from the industry's most reputed manufacturers such as HP (Hewlett Packard), Lexmark, Brother, Epson, and many more. The company offers a range of convenient service methods as it can help customers troubleshoot their printing issues via phone, via an online interface, or the company can even send over its reliable, dependable, and professional technicians to visit the customer on-site.

A spokesperson for the company talks about its services by saying, "We have a long history of providing dedicated support services that are aimed to solve any and all printer-related problems that commercial customers might face. We have teams of support staff and sales professionals that will not only help solve your current problem but will also help you find innovative and optimum printing solutions that fit your company's workflow, regardless of the size and scope of your business. We help you reduce printing costs and streamline your professional output by addressing your most challenging bottlenecks. When you are ready to implement our solutions, we also back up our expertise with a high-quality and reliable provision of printing supplies that ensures you won't have to rely on different vendors to always stay stocked up and ready to go. You should be focusing your time and efforts on building and growing your business rather than struggling day in and day out with problems arising in what are supposed to be simple office utilities. We help you get to that level of efficiency so that you can say goodbye to all of your printing-related worries. Give us a call today or contact us online to experience the Tech Dogs difference."

Tech Dogs provides personalized and highly advanced Managed Print Services (MPS) included with their Bundled Service Programs that resolve ongoing issues and free up resources for organizations. Some of the

features of the company's custom MPS include automated supply fulfillment so that a business never runs out of supplies, proactive onsite service and phone triage, and consolidation of all print-related costs into a fixed Cost-Per-Cartridge solution. All that the customer has to do to avail of Tech Dog's MPS is to make a simple and secure software download, enabling the experts at the company to collect real-time data from the client's laser printers and uncover new solutions for better managing and optimizing the business's entire printer fleet.

The company also prides itself on providing services that are beneficial to the environment such as the support of its clients' corporate initiatives with sustainable products and recycling programs. Tech Dogs has a partnership with Green Glove Technology Recycling, LLC., a company that provides businesses across Texas and surrounding states with safe, secure, and smart disposal and recycling for all of their unwanted and outdated IT office equipment. Green Glove provides several advantages such as safe data handling, secure hardware destruction, professional IT recycling pickups, certificate of destruction, corporate IT hardware disposal solutions, and free scheduled pickups for qualified customers.

A testimonial of the company's services highlighted on its website says, "I am impressed with the professionalism of this company. I recently started using them for our business toner needs and recycling. The compatible printer toner that Tech Dogs supplies are high quality and the price is reasonable. Quick response on everything and a reasonable price. We have also had them do printer service for us two times and we are quite happy with Tech Dogs."
