

Fort Myers Woman Thanks WhiteSands Alcohol and Drug Rehab for Life Changing Experience

December 16, 2021

Fort Myers, Florida - December 16, 2021 -
Fort Myers, FL - WhiteSands Alcohol and Drug Rehab is an industry leader in addiction treatment offering patients an all-inclusive recovery experience. Unlike many treatment centers, WhiteSands rejects the institutionalized approach to rehab and recovery. A former patient named Jamie recently shared her experience at WhiteSands in a 5-star Google review.

?Seriously life-changing. If you?re looking to make a significant life change, look no further,? she said.

WhiteSands founders, CEO Garry Jonas and COO Joseph Ducey, had the vision to create a center that treated patients as individuals while also providing many of the comforts of their home environments. ?We recognized that national relapse rates were abysmal and treatment protocols had remained stagnant for many years,? said Jonas.

WhiteSands puts a great deal of emphasis on the comfort of all patients. By focusing on individualizing the

treatment experience, they find that patients can better understand and address the issues underlying their addiction. To set themselves apart from most treatment centers that offer limited options, WhiteSands designed more programs to choose from to meet guests? personalized needs. Each unique program helps guests address their addictive behaviors while also having the opportunity to work on their physical health and general life management skills.

WhiteSands fosters continuity of care and guidance with a team of addiction therapists, counselors, and specialists who are experts in substance abuse treatment and recovery. Staff members work together to help patients create healthy habits that will carry into their daily lives after residential treatment. ?From the admission staff right down to the techs, these people go above and beyond,? Jamie said in her review.

WhiteSands unique approach to addiction recovery is also seen in their top-notch amenities and accommodations. Each patient has his or her own private room with a private bathroom and TV. Additionally, there is a fitness center with personal trainers on staff, a swimming pool, basketball courts, beach volleyball, and more.

As a result of providing the proper tools, support, luxury amenities, resources, and aftercare help, Whitesands continues to help tens of thousands of individuals overcome their addictions. The level of care provided at WhiteSands is consistently higher than industry standards. The treatment center offers individual and family therapy five times per week, whereas other centers offer it only once a week.

WhiteSands was rated the number one alcohol and drug rehab in Florida by Newsweek magazine in 2020 and 2021. Additionally, the center receives hundreds of 5-star reviews from former patients like Jamie, thanking WhiteSands for helping them transform their lives.

?Hands down, five stars,? said Jamie.

Anyone in need of treatment for substance use disorder can speak with a treatment specialist at any time by calling (877) 640-7820. To learn more or to live chat with a team member, visit www.whitesandstreatment.com.
