Hilton Head, SC ? Lashes n? More, a beauty company based in Hilton Head, South Carolina, promotes the benefits of eyelash extensions. The firm offers the Classic Eyelash Extensions Hilton Head and volume lash extensions.

To differentiate the two, classic lash extensions offer a more natural but still captivating eyelash. This service provides length, curl, and darkness to the lashes. Thus, this method is best for customers with a full natural lash line but lacks size, curl, or darkness. With its natural look, classic lash extensions also give an ideal mascara effect.

According to the lash expert, one single extension must be put on one natural lash at a time, never contacting the skin. And it usually takes two hours to finish the procedure. This is why the help of a highly experienced lash professional is essential.

Meanwhile, the volume lashing technique, also known as the Russian volume, is gaining popularity nowadays. In this technique, the technician takes 2-6 very thin eyelash extensions and makes them into a fan shape before applying them to the natural eyelash.

This type of lash extension is perfect for those who prefer a dense and dark lash look. It is beneficial for those with sparse natural lashes or to create a thicker-looking set than can be achieved with classic or hybrid lashes.

While classic eyelash extensions lengthen the natural lashes, the Russian volume appears lighter, fluffier, and fuller. Classic lashes are thicker and have a thickness of 0.15 to 0.2mm, while Volume lashes are 0.07mm in diameter and weigh a fraction of the weight of traditional lashes.

The Luxury Volume Eyelash Extensions in Hilton Head, SC has assisted many women and men with their eyelash extension goals, and they would be pleased to help more. The Lashes n? More team ensures that no matter what eye makeup style or event someone?s going for, it will always look fabulous.
