"Our team at Laffey, Bucci & Kent is thrilled to be able to host another webinar. We look forward to discussing the main benefits of hiring a lawyer to assist with filing workers' compensation claims. Too often, claims are denied for reasons including missed deadlines and errors on the application. Our team has years of experience helping injured workers get the financial benefits they deserve. We hope to explain how an experienced lawyer can help with not only initial claims but appeals as well," explained Jeffrey Laffey, the managing attorney at Laffey, Bucci & Kent.

The Philadelphia workers' comp lawyers represent injured workers in the Greater Philly area, including Port Richmond, Harrowgate, North Philadelphia, Southwest Philadelphia, Germantown, Manayunk, Overbrook Park, East Falls, Roxborough, Kensington, West Philadelphia, and Chestnut Hill.

In addition to workplace injuries, the firm handles slip and falls, medical malpractice claims, nursing home abuse cases, auto accidents, construction accidents, and many more.
