

Unfortunately, not all letters get "adopted," so it is crucial that those who want to participate follow the instructions when sending their letters.

According to USPS Newsroom, "Potential adopters, once approved, can visit [USPSOperationSanta.com](http://USPSOperationSanta.com), read through the posted letters, pick one or more that they'd like to fulfill, and follow the directions on how to grant that special wish for a child. For security reasons, all potential adopters must be vetted through a short registration and ID verification process before they can adopt any letter. If you've adopted letters in the past, you must still be verified each year."
