

Auto Accident Attorney Helps Albany Residents Seek Fair Compensation

December 30, 2021

December 30, 2021 - PRESSADVANTAGE -

Albany, GA based Kenneth S. Nugent P.C. is providing legal representation to members of their community who are dealing with cases involving auto accidents. Personal injury as a result of an auto accident can be debilitating in numerous ways. A serious injury may mean long term inability to work and thus earn an income, and a short term injury may result in lost wages. Both incur very expensive hospital bills, and insurance companies are almost always looking for ways to avoid paying for any of it. This is where law firms that specialize in cases involving personal injury come in. By providing legal representation to the victims of auto accidents, Kenneth S. Nugent ensures that everyone gets fair compensation and can afford to pay off their hospital bills, legal fees and make up for lost wages.

When you have been in a car accident, you do not want to leave your future in the hands of an inexperienced representative, says the firm's site. You do not want to use a medical professional who is not familiar with the type of injuries you have sustained, and you do not want to use an attorney who does not have experience with this type of case. When hiring an auto accident attorney in Albany, you want to select a firm like Kenneth S. Nugent, P.C. This firm has the expertise and experience necessary to represent you as well as you deserve. Insurance companies and their adjusters often overlook many important facts about an

accident so that they do not have to pay out the fair amount on a claim. They are very pleased when they learn that an injured party does not have legal representation, because that means more money will remain in their coffers.?

By hiring an auto accident attorney in Albany, a victim can make sure their rights are protected ? and that the amount the insurance company pays is fair compensation for the injuries and loss of income resulting from the accident. It is important to have an experienced professional handle the case as that could make a difference regarding how much the insurance company winds up paying. Often, they look to avoid providing compensation for lost wages, pain and suffering, property damage and half a dozen other aspects that they may otherwise be required to compensate the victim of an accident for.

There are laws in place to protect the victims of negligence of another person, and it takes a person who is well acquainted with said laws to find ways of ensuring they are observed. Kenneth S. Nugent, one of the top accident attorneys in Albany, looks at each and every individual case very closely in order to determine what the client is and is not entitled to (and how best to approach any given case).

Every case is different, meaning that it is impossible to know the outcome of any legal proceedings beforehand. However, hiring the right firm to handle a case greatly increases the chances of the outcome being positive in nature. The personal injury attorneys at Kenneth S. Nugent offer a number of advantages over other firms in the area. The Nugent legal team works cases in counties all over Georgia, meaning they are almost always a step ahead of attorneys who may not have as much experience in certain areas. With over 20 attorneys, the firm has years of combined experience to draw from for each and every case, and this is what gives Kenneth S. Nugent, P.C. such a massive advantage over other firms in this field.

?Our law firm has been trusted by thousands of clients involved in car accidents, motorcycle wrecks, and 18-wheeler accidents all across the state of Georgia,? says the firm. ?Our attorneys go the distance to make sure injury claims are handled quickly and professionally so that our clients can focus on recovery. Put our legal expertise to work for you. If you've been injured in an accident caused by someone else?s negligence, you may be entitled to financial compensation. You have the right to seek a fair settlement for the losses you have experienced through a personal injury case.?
