

Dank Cannabis Dispensary in Ogden Calgary AB Celebrates Successful First Year, Great Expectations for 2022

December 28, 2021

December 28, 2021 - PRESSADVANTAGE -

Dank Cannabis Dispensary in Ogden, Calgary, AB is proud to announce that they are closing out a successful first year and are excited about the upcoming prospects in 2022. They have observed that the most popular products have been cannabis seeds, pre-roll joints, and edibles, including gummies.

Available from Dank Cannabis are the erbeaceous - EVERE5T 4 Pack Seeds. This is the fifth release of their Mountain series for an indoor indica dominant strain. This F3 cross comes from the Mendoncino Purps and the OG Kush. It offers a familiar cannabis skunk smell because its terpene profile includes myrcene, caryophyllene, ocimene, and humulene. Cannabis seeds are an interesting item because it allows customers to grow their own plant at home. It should be noted, however, that some provinces in Canada don't allow people to grow cannabis at home, although most of the provinces and territories do allow it. Canada legalized cannabis on June 19, 2018, allowing Canadians over the age of 18 to use cannabis for recreational or medicinal purposes. The Cannabis Act allows adults to grow up to four cannabis plants per household for personal use. However, Manitoba and Quebec don't allow home cultivation of cannabis. Thus, only those who reside in a province that allows home cultivation can purchase cannabis seeds.

Summer Meyers, a representative for Dank Cannabis, says, "We are truly proud of our successful first year. But this would not have been possible without our customers who have enthusiastically tried and purchased our products. An important factor is, of course, the great customer service that we have always strived to provide. Plus the high quality products that we offer have contributed to this success. We anticipate another exciting year in 2022 and we can't wait to serve our customers even better."

Dank Cannabis Dispensary in Ogden Calgary AB always strives to provide a unique experience for customers. For instance, customers can order online or they may prefer to self-serve, or they can request for

assistance from the Bud Team. Customers may also want to join the Dank Club, which allows members to enjoy some rewards and discounts.

It is also important to note that they've also been working closely according to the guidelines of the AGLC to make sure they're complying with all the established norms for the industry in Alberta, and they're now excited about the announcement regarding the province-wide delivery for cannabis products starting in March 2022.

There are a number of factors that make the Dank Cannabis Dispensary stand out among the crowd. First of all, they are focused on providing personalized experiences, high-quality cannabis products, and total customer satisfaction. Second, they have both in-store and online purchasing options that allow ease of access to their products. They even offer the choice of pre-ordering online and then the customer picks up the items from their store. And they have a wide range of CBD and THC products, such as the flower or dry herb, edibles, concentrates, vaporizers, cannabis-infused drinks, and smoking accessories. And it should be noted that they don't just have a wide variety of choices, but they also make sure that they are up-to-date on the latest trends and offer the most innovative new cannabis products to customers.

Dank Cannabis Dispensary in Ogden, Calgary, AB was established to serve the needs of recreational cannabis users and more. They provide a variety of strains, vape pens, topicals, seeds, vaporizers, concentrates, or edibles online. They offer self serve pick up for the convenience of those who prefer to have a little space or order online on the go during those times when they have too much on their schedule. Customers can browse their custom curated menus, hit up their Dankade for a personalized experience or their friendly Dankplugins, which has been trained to comply with the cannabis requirement of every customer.

People who would like to know more about the different cannabis products available from Dank Cannabis can visit their website, or contact them through the telephone or via email. They are open from 10:00 am to 10:00 pm, from Monday to Sunday. Those interested in knowing their Ogden location more accurately can check out their Google Maps page.
