Napolin Accident Injury Firm, a top car accident lawyer in Orange County, California, has an unprecedented record of success when it comes to litigating personal injury cases. This is especially true for the firm's specialty which is auto and other moving vehicle accidents. Part of the reason for this exceptional success rate is the firm's founding attorney, Alexander D. Napolin, chooses to use a more personal approach when he is acting on a car accident victim's behalf, something that he credits by his desire to truly make a positive impact on the lives of those he serves that have been injured in auto accidents through no fault of their own.

Attorney Napolin says, "Let me be honest when I say that not everyone that seeks legal assistance from my team and I will ever be physically the same again after being involved in an accident that they did not cause. It's for reasons such as this that I am dedicated to working so hard on my client's behalf to get them the type of accident settlement that they deserve. A positive case outcome may not make all of my clients physically whole again but it certainly can help aid their continued recovery and future quality of life."

Attorney Napolin also stressed that just because he takes a more personal approach with his clients does not mean that he is a pushover. Quite the opposite is true. He prides himself on being very aggressive when it comes to getting his clients what they deserve under California law. This includes being willing to take a case into the courtroom if a defendant's insurance company is not willing to play fair and settle a car accident injury case for a fair amount. In addition to these desired traits, this OC Car Accident Lawyer accepts zero fees unless he settles an auto accident claim in his client's favor. This is part of what his firm calls its "No win, No fee promise". Attorney Napolin expanded on this further by stating, "I promise that you will not pay any California injury attorney fees or costs unless your case is a success. You will never get any hidden fees or hidden terms when I represent you in seeking out an auto accident claim or any other type of personal injury."
