AVENTURA, FL - December 31, 2021 - PRESSADVANTAGE -

Mindvalley, one of the world's leading platforms that focuses on self-development and personal growth, will launch several new programs in 2022. In their latest article and video, IMHO Reviews talks about Mindvalley's upcoming programs, updates, and shares their experience with the platform.

"Mindvalley is known for its amazing, transformational courses - or Quests - taught by some of the best coaches, speakers, and authors in the world, such as Jim Kwik, Marisa Peer, Ben Greenfield, Donna Eden, Dr. Srikumar Rao, Lisa Nichols, Vishen Lakhiani, and others. In the past 5 years, Mindvalley has grown by 500% and has already impacted over 15 million people worldwide. With the growing popularity of online learning, especially during the pandemic, it is becoming clear that more and more people will be joining the platform in the next few years," said the founder of IMHO Reviews, Vitaliy Lano.

Mindvalley platform has over 50 courses available, with new ones being added on a regular basis. Mindvalley announced that twelve more quests will be launched soon: Total Self-Confidence by Paul McKenna, Wild

Woman Sensuality by Rachel Pringle, Mystic Brain by Dawson Church, Building an Unstoppable Brand by Jeffrey Perlman, A Journey to Infinitheism by Mahatria, Build Your Dream Community by Radha Agrawal, Calling in The One by Katherine Woodward Thomas, Course Pro by Jimmy Naraine, Magnetic Charisma by Vanessa Van Edwards, Sixth Sense Superpower by Sonia Choquette, The 3 Most Important Questions and The Six Phase Meditation by Mindvalley's founder Vishen Lakhiani. The launch dates have not been announced yet.

"All Mindvalley's courses are included in the All-Access membership that currently costs \$499 per year. It is also possible to purchase each course separately, but the price varies from \$199 to \$499 apiece making it worth investing in a full subscription. This past year, Mindvalley added a few more courses, and now the value of all quests included in the membership is worth over \$15,000," explained Vitaliy.

According to IMHO Reviews, the most anticipated program of 2021 is "Zero To \$100 Million" taught by social entrepreneur Miki Agrawal who has several successful businesses, including alternative pizza company WILD, underwear company THINX, and bidet company TUSHY, all valued at over \$200 million. Agrawal teamed up with Vishen Lakhiani to create this exclusive program that is divided into 44 lessons and includes 7 hours of training. The program teaches how to develop a brand, from finding an idea to turning it into a multi-million dollar business. As a bonus, members can join weekly live calls with leading visionaries, entrepreneurs, leaders, and innovators to learn how they change the rules of high performance in business. The next intake of "Zero To \$100 Million" is scheduled for January 3, 2022.

Mindvalley platform offers several free masterclasses. IMHO Reviews articles discusses the newest addition to the platform - a 90-minute "Achieve Success Across All Dimensions of Life" masterclass created by Jon and Missy Butcher, the founders of one of Mindvalley's most popular programs called Lifebook. The masterclass is playing for a limited time only, and anyone can join it for free until January 2, 2022. Over 745,000 people have enrolled already.

"This masterclass is a perfect opportunity for anyone who wants to achieve success in all areas of their life in 2022 and beyond. But for people who want to create a step-by-step plan for a dream life, we recommend looking into a full 6-week program, the Lifebook. It has over 56,000 students enrolled and is available in 7 languages. The process requires 3-6 hours a week. Lifebook students will be invited to live weekly coaching calls with the creators of the program Jon and Missy Butcher, " said Vitaliy.
