

Panama City Furniture Cleaner Offering Fundraising Opportunities to Community

December 29, 2021

December 29, 2021 -

Panama City, Fla. ? As a prominent member of their local business community, CCS Floor Care is already well known for their top of the line furniture cleaning services in Panama City, FL. In 2022 though, the team is not only continuing to serve their clients with both professionalism and excellence, but they are also devoted to serving their community in more altruistic ways. To this end, CCS Floor Care is offering local organizations a five percent money-back fundraiser.

The fundraiser is not only geared towards non-profits but can also be applied for by churches, school sports teams, Girl Scouts, Boy Scouts, the PTA, etc. The team provides email campaigns, cards, flyers, and more in order to get the word out to members of the organization. From there, those who wish to contribute can then contact CCS Floor Care to schedule a cleaning. To ensure their participation in the fundraiser, the individual must mention which organization they are supporting, or they can provide the code that was assigned to their supporting organization of choice.

For every cleaning job booked with the organization code, CCS Floor Care will then present the participating organizations with a check for five percent of the revenue. The pricing for CCS Floor Care services is not influenced by whether or not they are supporting an organization; there are no hidden or built-in charges.

When it comes to carpet, tile, and grout cleaning in Panama City, CCS Floor Care treats every home as if it were their own. To learn more about CCS Floor Care, their services, or their fundraising opportunities, give them a call at (850) 265-4204 or visit them online at floorcare911.com.
