

Yardworx Offers Lawn Care and Landscape Service in Lincoln NE

January 21, 2022

January 21, 2022 -

Yardworx Lawn and Landscape, a company based in Lincoln, NE, is pleased to announce that they are offering residential and commercial lawn and landscape services. They offer various kinds of services, such as: lawn care and moving; fertilizing and weed control; landscape maintenance; leaf removal; aeration and overseeding; and snow and ice removal; and even mosquito and tick control. This is a family-owned lawn care business that serves the communities in Lincoln. More about the business can be gleaned by visiting their Facebook page at https://www.facebook.com/Yardworxlincoln.

Josh Hallet, founder and owner of Yardworx, says, ?We are a team of professionals with many years of experience in the industry. We come to your home understanding your needs and consideration of your pets, if any. Our No. 1 rule is: always close the gates, so no kid or pet wanders off after we leave! You do not have to enter any contract to hire us to service your residence. With a handshake, you can make the deal, and you can call it off whenever you like. When you hire us, we assign a crew to you. Only that crew will service your property throughout the year. This arrangement allows us to serve you better as that crew becomes familiar with you and knows how to give your property the adequate quality care you were sold on.?

When a customer hires them for lawn care and mowing services, they will be assigned a particular crew and they will serve the customer all year, without any delays due to weather. They will service the property the same day every week from April 1 to October 31. Over time, this particular crew would have gotten used to the unique properties of the lawn and would have develop strategies to perform the work more easily and more effectively. Also, for residential customers, they avoid the use of oversized mowers They will stick to the standard 21-inch push mower, 36-inch walk behind mower, and the 48-inchd stand on mower for bigger properties.

For their fertilizing and weed control services, they offer a six-step premium fertilizer package. Step 1 is done in May and this is specifically for broadleaf blanket application for weed control. Step 2 is done in May/June, which is the second application of their crabgrass preventer. Step 3 is done in July, which is the application of fertilizer with grub control. Step 4 is done in August, with the application of fertilizer with iron. Step 4.5 is done in August/September where they apply fungicide. Step 5 is done in September where they apply fertilizer with iron. Step 5.5 is also done in September, which is broadleaf blanket application for weed control. And finally, step 6 is done in October/November, which is fertilization for winterization. They also offer landscape maintenance where they send a dependable team of professionals to the property weekly or monthly in order to spray and then pull weeds.

Founded in 2014, Yardworx Lawn and Landscape leverages owner and founder Josh Hallet?s experience in mowing lawns in his neighborhood in Hastings, Nebraska. After years of gaining more than 100 customers in Lincoln and neighboring areas, Yardworx has evolved into five-star rated lawn care company with six crews and 15 full-time employees, serving both residential and commercial clients throughout Lincoln. They have also expanded their services from just mowing lawns to the provision of all kinds of services for exterior home maintenance and beautification needs. They are completely licensed as a contractor in the state of Nebraska. And they are fully insured, holding a $1 million general liability policy for any accident and they also have worker comp insurance. They offer a 100 percent customer satisfaction guarantee for their services.

Those who are interested in learning more about the lawn services provided by Yardworx Lawn and Landscape can visit their website at https://www.yardworxlincoln.com/, or contact them on the telephone or through email. They are open from 8:00 am to 5:00 pm, from Monday to Friday.
