Bluffton, SC - Customers of multi-location windows replacement company Holliday Home Improvements are being treated with countless options of beautiful customized windows.

The family-owned door replacement company supplies high-quality, durable, beautiful, and energy-efficient replacement windows that can be custom-built for any home. The replacement company can also design, install, guarantee and service any windows without a middleman. "We do it all, with endless custom options," the company states.

According to Holliday Home Improvements, they can now customize trim color right from the factory to match or add style to every home they care about. This cuts down on maintenance and painting of the trim over the years. Besides aesthetics, Holliday Home Improvements also provides energy-efficient replacement windows in the area.

Holliday Home Improvements is also proud of its partnership with the US's best windows and doors replacement brands. First on the list is the Ohio-based ProVia, an established manufacturer known for its

energy-efficient windows. ProVia is also an ENERGY STAR certified firm, which affirms that it meets the strict energy-efficiency standards set by the Environmental Protection Agency.

The Window Replacement Berkeley Hall Plantation is also a distributor for Pennsylvania-based MI Windows and Doors. The window manufacturer is famous for its MI Window series, which uses two layers of protection to guard against heat loss through the glass while also guarding against breakage from outside forces.

Another partnership made by Holliday Home Improvements is with Softlite Windows, which offers vinyl windows in various styles and sizes. According to Holliday Home Improvements, vinyl windows are better than wood and aluminum when it comes to energy efficiency, but they also offer the look of traditional hardwood.

The window replacement firm also works with Sunrise Windows & Door, another trustworthy brand solely distributed by Holliday Home Improvements. Thus, they can offer high-grade replacement windows in a cost-effective and timely manner.

Holliday Home Improvement says the partnership is most beneficial to customers. They can now offer factory-direct pricing to customers. "Buying direct gives Holliday Home Improvements an advantage over the competition because they don't have to pay the markup associated with purchasing from a distributor and also because of the superior service they receive from buying products from the people who made them," as stated.

The window replacement company offers its services in Bluffton, Hilton Head, Okatie, Ridgeland, Hardeeville, SC, and Savannah and Pooler, GA.
