MBS Will Be Doing Briefings For Tool Updates And Affiliate Program

January 10, 2022

January 10, 2022 - PRESSADVANTAGE -

Over the last several months ManageByStats has been hard at work preparing the next evolution of their tools for Amazon sellers, as well as enhancing their stand-out affiliate program to make it easier to engage, interest and close prospects. MBS provides tools and services for Amazon sellers designed to give them the insight they need in order to manage and expand their Amazon business. Their affiliate program offers affiliates a 25% commission for as long as their prospects are active. MBS will soon be rolling out updates to their tools and doing briefings to cover those updates, as well as details of their affiliate program.

?If you have a few minutes we?d like to brief you on both,? says MBS CEO, Philip Jepsen. ?Specifically on what it takes to succeed with our affiliate program. Turns out it?s super easy ? and it can also be super lucrative, depending on your audience. Even a small number of people signing up can net you a few hundred extra dollars a month.?

Managers, Agencies, Coaches or anyone looking to help Amazon sellers with a full suite of management software can become an MBS affiliate. MBS has an industry-leading affiliate program, which is open to anyone wishing to promote the MBS suite to Amazon sellers. ManageByStats tools allow users to oversee

profit, visualize trends, generate reports, do in-depth analytics, track inventory and more.

?If you'd like to find out what's coming,? says Mister Jepsen, ?and you'd like to learn how to either ramp up your existing affiliate game, revitalize one that's slumped, or get started altogether, we're standing by to show you how.?

For more on the MBS tool updates and the affiliate program, please visit the ManageByStats site or contact the company directly to schedule a briefing. If interested parties have further questions, ManageByStats may be contacted directly by email.
