They have provided a list of the types of waste they allow and the types of waste they prohibit on their waste dumpsters.

413 Dumpster is headquartered in South Hadley and services communities in South Hadley, Ludlow, Springfield, West Springfield, Holyoke, South Holyoke, Agawam and various other cities in Western MA.

According to information on their service area page, 413 Dumpster often delivers roll off dumpster rentals to businesses, contractors and homeowners outside its listed service areas, but sometimes at an extra delivery charge, depending on how far the delivery location is from the company's service area.

The company's manager also confirmed that they sometimes charge a distance surcharge for delivery, if a customer is located especially further away. He also added that they offered tailored dumpster rental services to suit individual customers based on their waste disposal needs and interested customers only have to call the company for free consultation and estimates.

According to Alex, 413 Dumpster also offers a wide variety of both front load dumpsters and roll off dumpster rentals. Dumpster sizing and pricing information on their website show that they rent out waste dumpsters ranging from 6-yard containers to large 30-yard dumpsters. For customers needing small dumpster rentals for residential and commercial projects; they can select from the various dumpster options which include; 6-yard dumpsters, 8-yard dumpsters or 10-yard dumpster rentals. While a 6-yard container can fit up to 1 pick-up truck, or 36, 32-gallon trash bags; an 8-yard dumpster has enough space to haul away 2 pick-up truckloads of waste, or 48, 32-gallon trash bags.

10-yard roll off containers also have a 1-ton weight limit per container but each container can haul up to 60, 32-gallon trash bags of waste, or 4 pick-up truckloads of waste.
