

Akron, OH, Roofing Contractor Craig Roofing Is Offering Free Inspections And Estimates

January 19, 2022

January 19, 2022 -
Craig Roofing is a full-service roofing company offering a range of roof installation, repair, and replacement services in Akron, OH. The company is offering prospective clients free inspections and free estimates to help them get a clear idea of the extent of the repairs or renovations that their roofs require.

The company?s range of services includes roof replacement, roof repair, storm damage repair, asphalt roofing, skylights, and more. The company says on its website that no job is too big or too small for it to handle and that it can always find a solution to its clients? roofing problems. Beyond offering residential roofing services, the company also serves other types of properties such as commercial buildings, churches, rental properties, and more. The company has a combined experience of over 15 years in the roofing industry and its work quality and customer service have been lauded over the years by its many clients, resulting in a perfect 5 out of 5 rating on its Google My Business page from 15 reviews.

The company?s roof replacement services are a good match for customers who have suffered extensive

damages on the roof of their home and are looking for a one-stop solution that takes care of all of their needs. Throughout the many years that the company has been operational, it has helped over 250 residents throughout Akron and Cleveland with roof tear-offs, new installations, and clean-up jobs ensuring a spotless and pristine look for the roof on every site that they visit. The company can work with any residential or commercial insurance provider to handle all insurance claims to make sure that its clients don?t have to pay out of their pocket if their roof happens to bear the brunt of bad weather.

The local and family-owned company has been rated at an A+ from the Better Business Bureau. It is fully licensed, bonded, and insured to give its clients the highest level of service possible. The company?s roofers also have achieved the maximum tier of roofing certification available in the industry (GAF Certified) which is a testament to their skillset and efficiency. The company offers 30 and 50-year warranties on top of a 100% satisfaction guarantee that ensures the customer won?t have to worry about the health of their roof for decades to come. The company also makes sure to go above and beyond its roof repair and maintenance responsibilities by providing the client access to a personal project manager who will regularly visit the site to inspect the progress of the work and keep the client updated every step of the way.

A spokesperson for the residential roofer talks about its professionalism and values by saying, ?We want to be the last roofing contractor that you will ever need to contact in all of Northeast Ohio. We aim to make the entire roof repair, maintenance, and replacement process as seamless and hassle-free as possible. We are open in our communications and strive to achieve unparalleled integrity in the quality of the services that we offer. We try our best to make our work methods and the cost of our services understandable to the homeowners and businesses that we serve so that they know exactly what they are getting for their money and why our company is the best in the region to do it. That is why we also have a blog section on our website that we regularly update to educate our local readers on the science of roofing and its best practices. It helps our customers really understand their own homes better and makes them more likely to realize the need for experienced professionals like ourselves when it comes to the big roofing jobs that require time and care to complete flawlessly.?

The company serves most major hubs in Northeast Ohio including Akron, Cleveland, Medina, Portage Lakes, Summit, and surrounding areas. The Akron roofing contractor can be contacted at the phone number (330) 808-0477 or at the email address jcraig@jcraigroofing.com for inquiries.
