A leading dumpster rental company in the Greater San Antonio area, Bee Done Rentals now offers affordable roll-off dumpster rentals in Helotes, TX. The company is a full-service waste removal company offering roll-off dumpsters for commercial, residential, and construction site clean-up projects.

According to David Massey, the company?s owner, Bee Done Rentals was founded with the vision to make dumpster rental services affordable for homeowners and local contractors in the Greater San Antonio area. He also mentioned that the company?s main customers include; local contractors, construction companies, homeowners, tenants, and local businesses. Besides Helotes and San Antonio, Bee Done Rentals also provide waste management solutions in neighboring cities, including; Leon Valley, Shavano Park, Selma, Alamo Heights, Seguin, Spring Branch, Boerne, and New Braunfels.

Mr. Massey was also quick to add that while the listed locations comprise their official delivery radius, they often made accommodations to provide waste management dumpsters to customers outside these cities at

an additional cost, depending on the specific location.

Bee Done Rentals offers customers looking for roll-off dumpster rentals in Helotes three roll off dumpster sizes. They offer 10-yard dumpsters with a four pick-up load capacity and 1-ton weight limit per container, 15-yard dumpsters with a 1.5-ton weight limit, six pick-up load capacity per container, and 20-yard dumpsters with a 2-ton weight limit and an eight pick-up load capacity per container. Their dumpster rental costs are $300 for a 10-yard dumpster, $300 for a 15-yard dumpster as well, and $400 for a 20-yard dumpster.

Bee Done Rentals also have flexible rental terms that allow customers to use their roll-off rentals for longer than the company?s standard 5-day rental period at an additional $10 per day, from the 6th day of their rental. Suppose a customer has more waste than the allowable weight limit for the roll-off container they have rented. In that case, they can dump the excess weight on the dumpster at an additional $75 per ton charge, rather than having to order a second dumpster.
