January 14, 2022 -

Reputable Leominster-based waste dumpster rental and junk removal company, Route 12 Dumpsters, offers affordable junk hauling services in Sterling, MA. According to Mr. Luiz Santos, the company?s founder, Route 12 Dumpsters are committed to providing all customers with dependable waste disposal solutions at the best possible pricing, on time, all the time.

Besides Leominster and Sterling, Route 12 Dumpsters also service customers in various other locations in Worcester and Middlesex counties. Their service area radius also includes Winchester, Fitchburg, Worcester, Lunenburg, and other neighboring areas. Mr. Santos also mentioned that the company occasionally provides dumpster service and junk removal services to homeowners and commercial renters outside their service area, at an additional delivery charge depending on the distance that will need to be covered during delivery. Interested customers only need to call the company for free consultation and estimates.

Based on the sizing and pricing information the company has provided on their website, customers can get

junk hauling services in Sterling, no matter how much junk or waste they want to dispose of. The junk removal costs for their services are; $99 for a single item pick-up, $212 for a 25% load (¼ of a truck), $424 for 50% load (½ of a truck), $636 for ¾ of a truck (75% load) and $850 for a full truck of material. For better visualization, Mr. Santos mentioned that customers could consider a full truck as eight pick-up truckloads, 75% load as equivalent to 6 pick-up truckloads, 50% load as equivalent to 4 pick-up loads, and 25% load as equivalent to 2 pick-up truckloads of material.

For their dumpster rental services, the company has varying dumpster rental costs depending on the size of the dumpster. They offer various dumpster options, including 10-yard dumpsters that customers rent at $350 per dumpster, 15-yard dumpster rentals that renters can get at $480 per container, and 20-yard dumpster rental customers can rent at $590, per dumpster for a standard 1 to the 5-day rental period. The different size dumpsters have various capacities to hold and haul the trash. While a 10-yard dumpster has a 1-ton weight allowance and can haul up to 4 pick-up loads of material, a 15-yard dumpster has a 2-ton weight allowance and is designed to haul up to 6 pick-up truckloads of waste comfortably. Their largest roll-off container, the 20-yard dumpster, has a 3-ton weight allowance and can haul up to 8 pick-up truckloads of garbage.

While the company?s rental period is five days, Route 12 Dumpsters allow their customers to extend their rental periods if they want to, at an additional $10 per day charged from the 6th day of the rental. If a customer has more waste to dispose of than the tonnage allowed for their rental dumpster, they may opt to rent a second dumpster or pay an additional $140 per ton for the extra weight.

Route 12 Dumpsters? regular business hours are between 7:00 AM to 5:00 PM from Monday to Friday. Their offices are usually closed on Saturday and Sunday, but this means that they do not offer delivery or pick-up dumpsters or offer junk removal services. However, the company has an automated online booking service and accepts credit cards; customers can still order their rental dumpsters and schedule delivery on any day of the week.
