## **WasteAway Dumpster Service Offer Dumpster Rentals in Buffalo, NY**

*January 20, 2022*

January 20, 2022 - PRESSADVANTAGE -

Local family-owned dumpster rental and junk removal service WasteAway Dumpster Service is proud to announce that they provide cheap reliable roll-off dumpster rentals in Buffalo, NY, and the surrounding areas.

Based in Buffalo, the dumpster rental company has branched out and now services several cities in Erie and Niagara counties. Some of the cities listed in the company's service area include; Tonawanda, North Tonawanda, Niagara Falls, Williamsville, Lockport, Clarence, and Wheatfield. Nick, the company's founder, also mentioned that they deliver roll-off containers to customers further away, on request. The company can make special arrangements depending on a customer's location and budget.

WasteAway Dumpster Service is a full-service dumpster rental company. They offer many dumpster rental services, including curbside picks, skid-steer services, junk removal, and dumpster rentals. Nick said that because of the unpredictable nature of some of their services, such as skid steer service and curbside pick-ups, they preferred that customers call or inquire online for pricing, as they quote pricing per job basis.

Nick also mentioned that customers could get heavy equipment and bobcat services, in-ground pool removal, concrete removal, and other such services from WasteAway Dumpster Service at cost-effective pricing.

The company offers three roll off dumpster sizes in Buffalo, each priced depending on its capacity and the tonnage of the waste material the container is designed to haul. They rent out 10-yard dumpsters that include a ton of material that can fit in 4 pick-up truckloads, 20-yard dumpster rentals that can handle up to up to 8 pick-up truckloads, and 30-yard dumpsters that can haul 12 pick-up truckloads of trash.

Their dumpster rental costs based on the pricing information provided on their website also vary. Interested renters can get the 10-yard dumpster rental at \$300, 20-yard dumpster rentals at \$395 for 1-5 days, or the 30-yard dumpster rental at \$595 for 1-7 days. The company has a \$10 per day rent extension fee for all roll-off rentals, and they also offer single item pick-up at \$85 in Buffalo and all their service areas. Their overage fees are \$75 per ton of the excess material loaded on their roll-off containers.

WasteAway Dumpster Service offers roll-off dumpster rentals in Buffalo for all types of projects. The company is available to provide the right size dumpsters from large construction projects that require large dumpsters for construction or demolition debris clean up and disposal to small residential renovations and cleanout projects. They also offer roll-off dumpsters for a wide range of commercial waste removal and junk hauling projects. To find more information about the types of waste allowed or disallowed on the company's roll-off containers, interested customers can give them a call and consult with the company's representatives or make inquiries online.

WasteAway Dumpster Services are available for in-person consultations from Monday to Saturday between 7.00 AM and 7.00 PM. While the company closes on Sunday, their online booking service ensures that customers can book rental dumpsters online and schedule their deliveries 24/7. They accept Credit Cards and offer the same dumpster service in Buffalo and nearby areas.

Homeowners, contractors, and commercial customers interested in renting roll-off dumpster rentals in Buffalo can find more information about WasteAway Dumpster Service online <https://www.wasteawaywny.com/dumpster-rental-buffalo-ny/> or call them directly by phone.
